

Base by U.S. Geological Survey, 1954

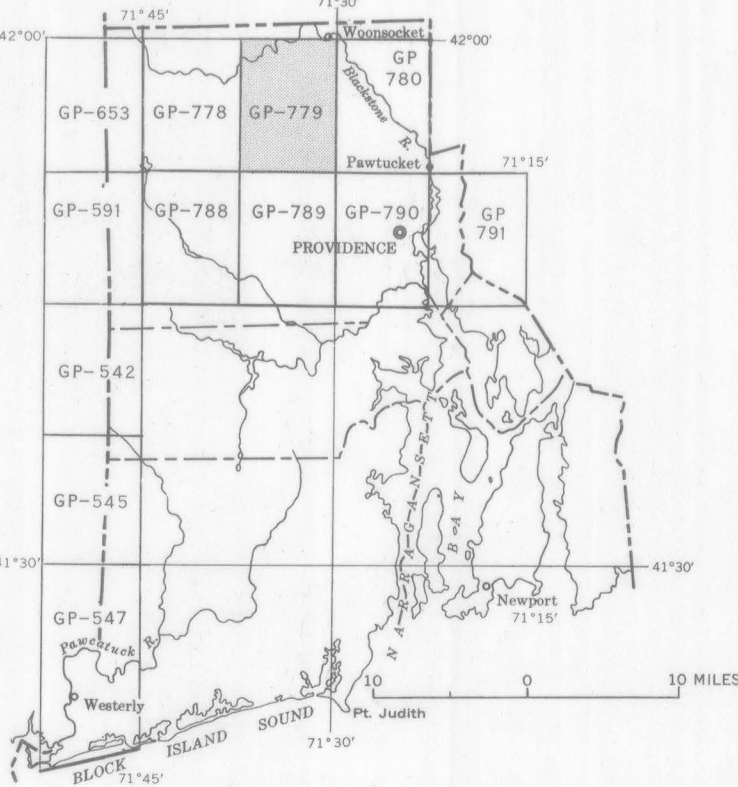

SCALE 1:24 000

Aeromagnetic survey flown and compiled by the U.S. Geological Survey. Flown at 400 feet above ground, 1968

EXPLANATION

-  **Magnetic contours**  
Showing total intensity magnetic field of the earth in gammas relative to arbitrary datum. Hachured to indicate closed areas of lower magnetic intensity. Contour intervals are 20 and 100 gammas
-  **Measured maximum or minimum intensity**  
within closed high or closed low
-  **Flight path**  
Showing location and spacing of data
