

Base from U.S. Geological Survey, 1955
10,000-foot grid based on Connecticut
coordinate system

SCALE 1:24 000

Aeromagnetic survey flown and compiled by the
U.S. Geological Survey. Flown at 500 feet
above ground, 1959 and 1965

APPROXIMATE MEAN
DECLINATION, 1957

EXPLANATION

Magnetic contours
Showing total intensity magnetic field of the earth
in gammas relative to arbitrary datum. Hachured
to indicate closed areas of lower magnetic intensity,
dashed where data are incomplete. Contour
intervals 20 and 100 gammas

Location of measured maximum or minimum
intensity within closed high or closed low

Flight path
Showing location and spacing of data

NOTE
GP-818 has a different datum from GP-365
