Commercial		X	40% * 85 line
Municipal & instit.	X		40% * 85 line
Industrial	3		40% * 85 line
Sewage disposal {	No treatment	solid	
	Primary treat.	3 •	3 •
	Secondary treat.	solid	
Untreated sewage arrows		3	
Treated sewage arrows	3	3	
Open water	3		

Angles

Oriental Blue - $\angle 105^\circ$

Perm. Red - $\angle 75^\circ$

40% Black - 45°

single line drainage - Oriental Blue

2 peelcoats for Blue, 2 for Red

* Black overprint will apply to 3 graphs only - Bemidji, Brainerd, & Grand Rapids because of different scale.

Note: Sewage disposal circles will have to be scribed for peelcoats and then painted off since they will be shown by color only. Primary treatment circles will be screened 30%, remaining two groups will be solid. Arrows will have black outline.
