DEPARTMENT OF THE INTERIOR
UNITED STATES GEOLOGICAL SURVEY

FOLIO OF THE
PHOENIX AREA, ARIZONA
MAP I–845–B

IRRIGATED LAND NORTH OF GILA RIVER

Start of irrigation unknown

IRRIGATED LAND SOUTH OF GILA RIVER

Irrigated more than 10 years

Irrigation begun in 1962–73

Formerly irrigated but now withdrawn from production

The map shows the distribution of land in the Phoenix area that is now or has been irrigated for farming. Data north of the Gila River were compiled from aerial photographs by J. E. Jones and T. W. Anderson of the U.S. Geological Survey. Data south of the Gila River were furnished by the U.S. Soil Conservation Service and were compiled from maps prepared by the U.S. Department of Agriculture and the Arizona Water Commission for the Santa Cruz-San Pedro Cooperative River basin study. The information is intended for use in general planning only. Additional information may be obtained from U.S. Department of Agriculture, Soil Conservation Service, Room 6029 Federal Building, Phoenix, Arizona, 85025, or from the U.S. Department of Agriculture, Cooperative Extension Service, University of Arizona, Tucson, Arizona 85721.
