

**EXPLANATION**

[Parts of terranes containing predominantly volcanic rocks are patterned. Correlation of terranes with geologic map units is shown in table 2.]

- Golconda terrane
- Jackson terrane
- Jungo terrane
- Roberts Mountains terrane
- Walker Lake terrane  
Paradise subterrane  
Pine Nut subterrane
- North American Craton
- Sp Serpentine
- Terrane boundary
- 3 Location of massive-sulfide deposit—Number refers to table 1

# METALLOGENIC MAP OF VOLCANOGENIC MASSIVE-SULFIDE DEPOSITS IN PRE-TERTIARY ISLAND-ARC AND OCEAN-BASIN ENVIRONMENTS IN NEVADA

By  
Maureen G. Sherlock  
1989

Geology compiled from 1985-1988  
from Stewart and Carlson (1978)  
Manuscript approved for publication,  
March 9, 1989
