

# "ABOUT THIS CD-ROM"

***This CD-ROM contains images of PROCEEDINGS  
from the Federal Interagency Sedimentation Conferences of  
1947, 1963, 1976, 1986, 1991, 1996, 2001, and 2006.***

---

The first Joint Federal Interagency Conference (JFIC 2006) convened the 3<sup>rd</sup> Federal Interagency Hydrologic Modeling Conference (3<sup>rd</sup>FIHMC) and the 8<sup>th</sup> Federal Interagency Sedimentation Conference (8<sup>th</sup>FISC). The 8<sup>th</sup>FISC Proceedings are included on this CD, as well as for FISCs 1 through 7.

**How to use this CD-ROM:** This CD-ROM uses Acrobat Reader, free from adobe.com.

**<Step 1> Launch your Adobe Acrobat Reader.**

**<Step 2>Open the file, "MENU.pdf"**

Use the Reader functions to read, copy, print, and search the 8500+ pages of Proceedings. The "Search" capability is realized if your Adobe Acrobat Reader was downloaded with this feature. Use the bookmarks on the left to navigate where you want to go throughout the proceedings. ***The "Pointing Hand" cursor indicates an active link to contents and papers.***

**A Note About These PDF Files:** Some of these files are facsimiles of the original printed pages of the Proceedings. Text is selectively copiable and globally searchable. For Proceedings 1 - 6, scanned gray-scale photos are generally of poorer quality than the originals due to the original print quality. The 7<sup>th</sup> and 8<sup>th</sup> FISC proceedings were prepared from digital files and are of excellent quality.

**Software Requirements:** See the Adobe web site for latest specifications. Files on this CD-ROM are in Adobe Portable Document Format (PDF) and are read and printed using the **free** Adobe Acrobat Reader, available as a free download from <http://www.adobe.com>. No license is required, and the software may be freely copied and distributed, per Adobe's user agreement. This CD-ROM contains no provision for installation of software.

**Citations:.** Please cite sources appropriately and safeguard intellectual property rights. Reference the Proceedings as
