GEOLOGIC MAP OF THE SOUTHERN PENINSULA OF MICHIGAN, SHOWING
CONTOURS OF BEDROCK SURFACE

After map by Alfred C. Loomis, 1908, with modification of geologic names

Scale: 1 inch = 1 mile

NOTE: Some of the 100-foot contours are based on topographic
maps of various topographic sheets in the U. S. Geological Survey. Others
are interpolated, being based on a combination of railroad altitudes or
other data with general readings.
