

2016 Minerals Yearbook

FRENCH GUIANA

THE MINERAL INDUSTRY OF FRENCH GUIANA

By Philip A. Szczesniak

In 2016, the production of mineral commodities—notably cement, gold, laterite, sand (common), and stone (crushed)—represented only a minor part of the economy of French Guiana (Institut d’Emission des Départements d’Outre-Mer, 2016, p. 81–82; 2017, p. 50, 76–77, 87). The legislative framework for the mineral sector in French Guiana is provided by Act No. 98–297 of 1998. The Schéma Départemental d’Orientation Minière [Regional Framework for the Mining Sector] was approved in 2011 by Decree No. 2011–2105 and entered into force on January 1, 2012. Data on mineral production are in table 1. Table 2 is a list of major mineral industry facilities. More-extensive coverage of the mineral industry of French Guiana can be found in previous editions

of the U.S. Geological Survey Minerals Yearbook, volume III, Area Reports—International—Latin America and Canada, which are available at <https://www.usgs.gov/centers/nmic/south-america>.

TABLE 1
FRENCH GUIANA: PRODUCTION OF MINERAL COMMODITIES¹

(Thousand metric tons, gross weight, unless otherwise specified)

Commodity ²		2012	2013	2014	2015	2016
METALS						
Gold, mine production, Au content	kilograms	1,147	1,220	1,689 ^r	1,460 ^r	1,600 ^e
INDUSTRIAL MINERALS						
Cement, hydraulic	metric tons	102,000 ^{r,e}	94,000 ^e	87,233	76,030 ^r	76,102
Stone, sand, and gravel:						
Sand and gravel, construction:						
Common sand		365	1,176	1,086	263	265 ^e
Laterite ore		207	805	534	108	110 ^e
Stone, crushed, unspecified		1,010	1,600	1,940	774	775 ^e

^eEstimated. ^rRevised.

¹Table includes data available through November 29, 2017. All data are reported unless otherwise noted. Estimated data are rounded to no more than three significant digits.

²In addition to the commodities listed, clays may have been produced in French Guiana, but available information was inadequate to make reliable estimates of output.

TABLE 2
FRENCH GUIANA: STRUCTURE OF THE MINERAL INDUSTRY IN 2016

(Thousand metric tons unless otherwise specified)

Commodity		Major operating companies and major equity owners	Location of main facilities	Annual capacity ^c
Cement		Ciments Guyanais S.A. (Cementos Argos, 100%)	Clinker grinding plant at Degrad des Cannes, about 10 kilometers southeast of Cayenne	200
Gold	kilograms	Auplata S.A., 100%	The Dieu Merci Mine, near Saint-Elie, about 120 kilometers west of Cayenne	600
Do.	do.	Société Minière Yaou Dorlin S.A.S. (Auplata S.A., 100%)	Yaou underground mine, ¹ about 255 kilometers southwest of Cayenne	NA
Do.	do.	Compagnie Minière Dorlin S.A.S. (Auplata S.A., 100%)	Dorlin placer mine, in Maripasoula, 190 kilometers southwest of Cayenne	100
Do.	do.	Numerous legal and illegal placer mines	Various locations	1,000
Sand		About 10 sand pits	do.	2,000
Stone, crushed		About nine rock quarries	do.	2,000

^cEstimated. Do., do. Ditto. NA Not available.

¹On care-and-maintenance status.
