

PRELIMINARY MAP OF THE CROSBY-MOHALL AREA, NORTH DAKOTA
Showing form of the bed-rock surface

EXPLANATION

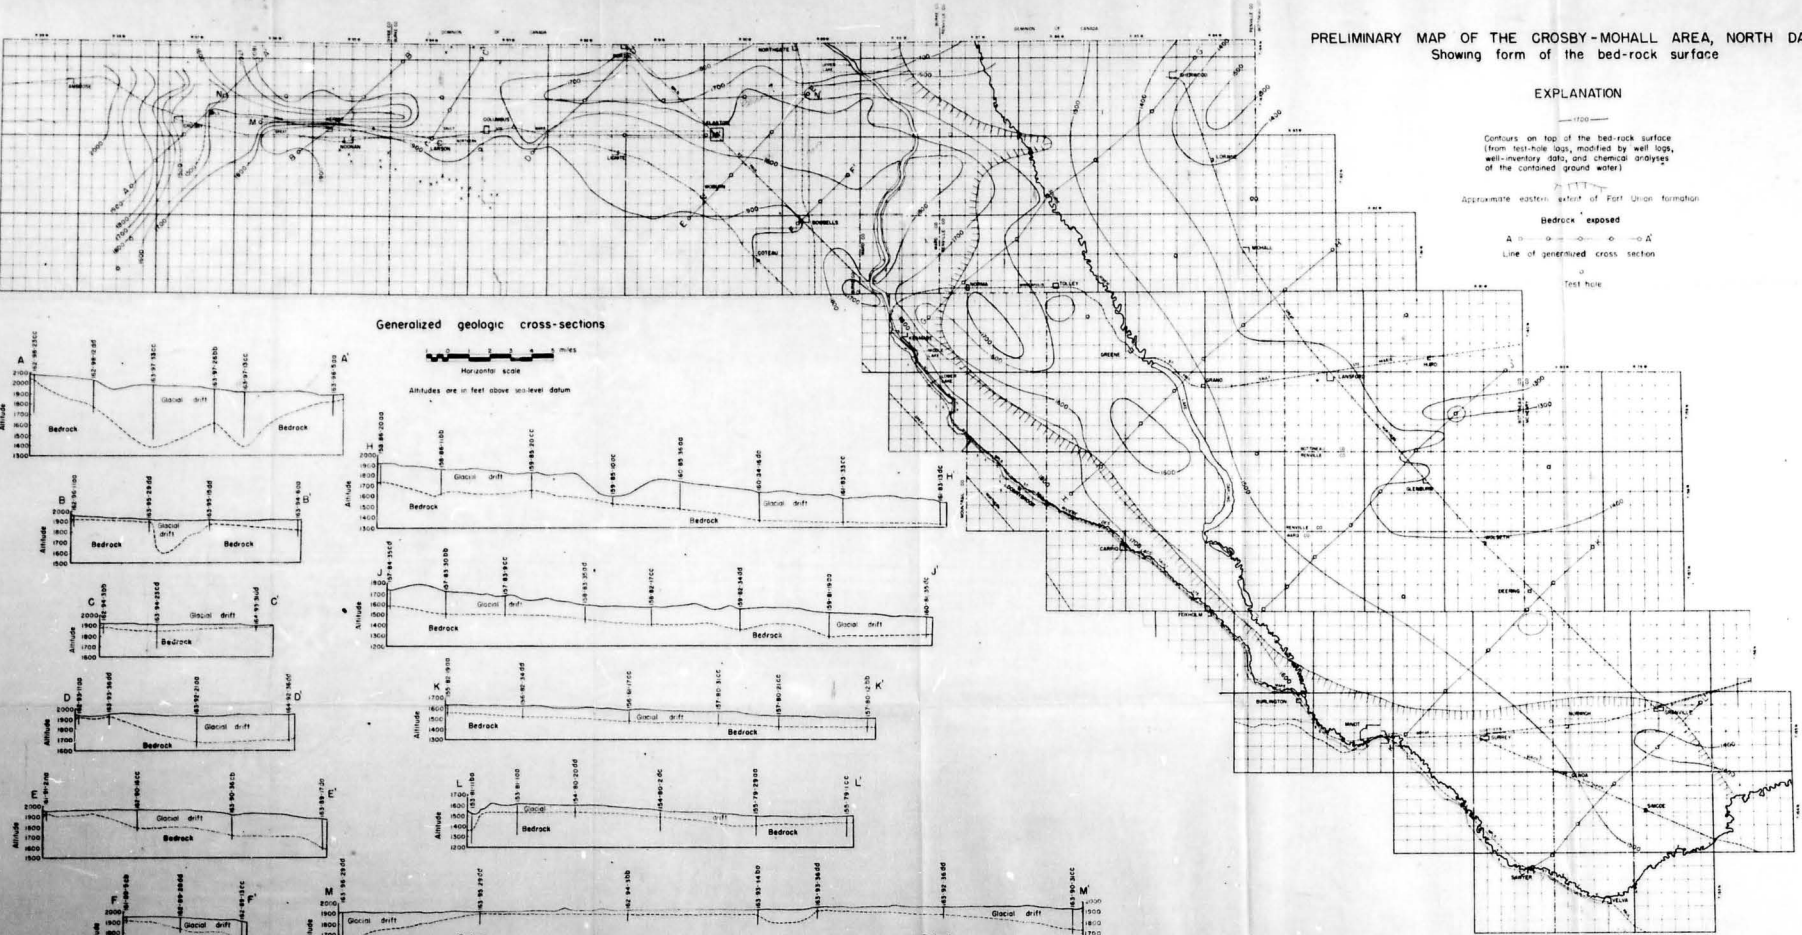

Contours on top of the bed-rock surface
(from test-hole logs, modified by well logs,
well-inventory data, and chemical analyses
of the contained ground water)

Approximate eastern extent of Fort Union formation

Bedrock exposed

Line of generalized cross-section

Test hole

Generalized geologic cross-sections

Horizontal scale

Altitudes are in feet above sea-level datum
