

EXPLANATION

Area of artesian flow of water in deep drift aquifer

Southern boundary of the deep drift aquifer

Contours on the piezometric surface of water in the deep drift aquifer, position approximate Summer 1946

Contour interval, 20 feet, half interval dashed
Datum is mean sea level

MAP OF THE WEST PART OF THE CROSBY-MOHALL AREA, NORTH DAKOTA

Showing contour lines on the piezometric surface of water in the deep drift aquifer, summer 1946

Scale in miles
