

EXPLANATION

QUATERNARY	Recent	Alluvium
TERTIARY	Recent	Terrace Gravels (Unconsolidated)
	Eocene	Tw
	Wasatch formation	Unconformity
Fluviatile	Test	Tongue River member of the Fort Union formation
	Wasatch-Fort Union contact	Dotted where inferred
Clinker	Y.Y.	is clinker
	AA	is outcrop of buried coal bed
Outcrop of coal bed	Dashed	where approximately located
	Triangle	indicates point where coal bed was measured. Number corresponds to number in text and on coal section
High-angle fault	Dashed	where approximately located, dotted and curved where inferred
	U	upstream side; D downstream side
Coal prospect	X	
	N	Government land corners found
