

EXPLANATION

- Qal Younger alluvial fill
 - QTg Gila conglomerate
 - pre-T Pre-Tertiary rocks
- } PRECAMBRIAN, TERTIARY, QUATERNARY
AND QUATERNARY
AND MESEZOIC
- Well
 - Spring
 -
 - Drainage divide
 - Strike and dip of beds
Number indicates degree of dip
 - Contact
Dashed where approximate
 - Fault
Dashed where approximate, dotted where buried
- 0 3 Miles

Geology and locations of wells and springs, Dripping Springs Valley, Gila and Pinal Counties, Ariz.
