PLAN OF UPPER STOPE

## EXPLANATION

Approximate outline of ore showing dip at map level in stope

Ore showing dip

11/11 Disseminated mineralization

Approximate contact

¥50 Fault, showing dip (Dashed where approximately located)

Workings at altitude 3907'

Workings at altitude 3893'

Workings at altitude 3875'

Workings at altitude 3857'

Open cut

Shaft going above and below levels

Inclined workings (Chevrons point down)

Foot of raise or winze

Head of raise or winze

3874

Altitude back and floor of stope

DOVAD Rock debris
