

GEOLOGICAL SURVEY, GEOLOGIC DIVISION
LOCATION OF GEOLOGIC FIELD PROJECTS
IN PROGRAM
AS OF JULY 1, 1958

- EXPLANATION
- Areal geologic mapping in progress, scales 1:63,360 or larger.
 - Areal geologic mapping completed (in a going project) but not published, scales 1:63,360 or larger.
 - Reconnaissance mapping, and special purpose surveys.
 - Regional stratigraphic studies.
 - Subsurface geologic mapping.

Letters and numbers identify projects described on Program Index. Letters designate operating branches, as follows: E, Engineering; F, Fuels; G, General; GP, Geochemistry and Petrology; MD, Mineral Deposits. Letter C before number indicates project involves financial cooperation with a State. Some special-purpose surveys are omitted from the map because of their nature or extent. Projects in territories not shown on this map.
