EXPLANATION

	Contact		QT	TERTIARY and QUATERNARY
	Fault		Post-volcanic rocks Principally Gila conglomerate and alluvium	
			Td	TERTIARY (?)
			Tev	
			pv	PRECAMBRIAN to TERTIARY

Location of quadrangles

	111°00'	110°45'
33°30'	Haunted Canyon	Inspiration
		Globe
33°15'	Superior	Pinal Ranch

Geology generalized and simplified from maps by N.P. Peterson and others (Globe, 1954; Inspiration in press (1); Pinal Ranch in press (2)) and D.W. Peterson (Haunted Canyon, 1960; Superior in preparation).
 Base from U.S. Geological Survey quadrangle maps.

Plate I. Generalized geologic map of the Superior-Globe area, Arizona, showing distribution of the dacitic ash flows.
