FIGURE 6? (L. Myers)

This map is preliminary and has not been edited for conformity with Geological Survey format and nomenclature.

EXPLANATION

- Axis of initial accordant fold
- - - as projected above earth's surface
- measured or readily inferred
- - - projection below earth's surface
- - - axis of refolding
- earth's surface

0 4 8 Miles

Figure 6. Possible longitudinal profiles of several major folds in the district. These profiles are drawn along the axial planes of the folds and represent the intersections of these axial planes with a specific horizon in the folded rocks.
