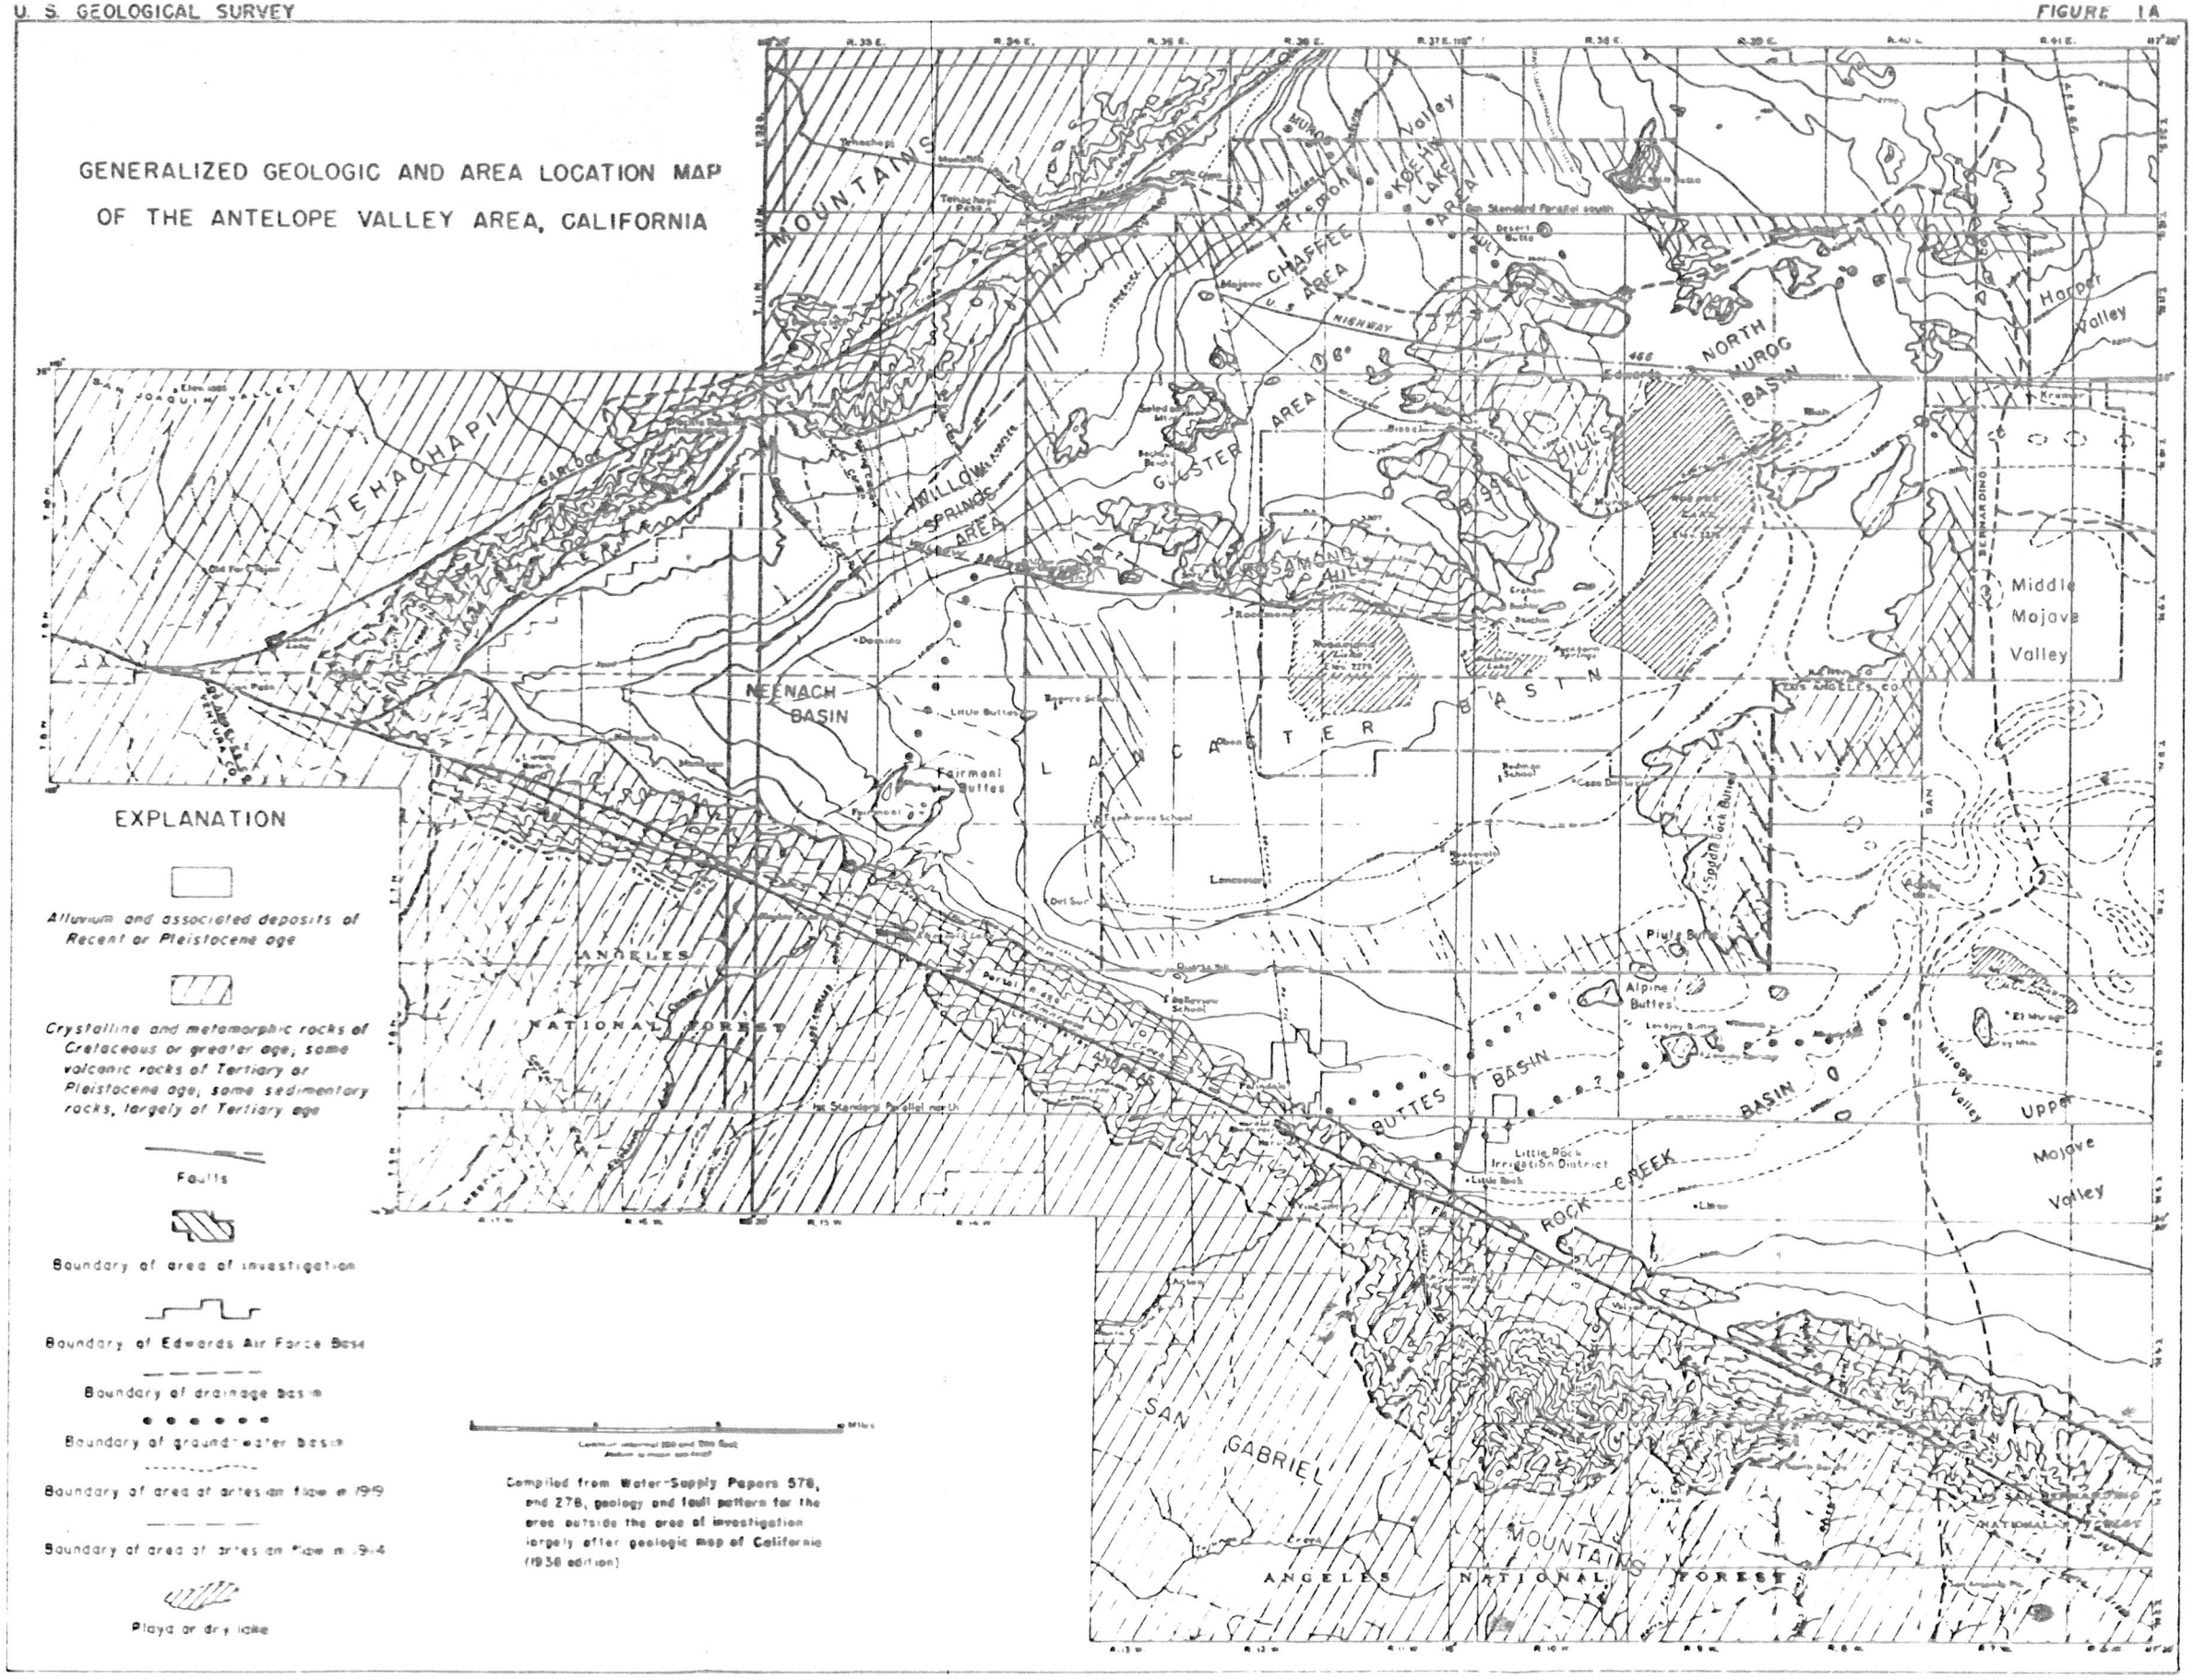
GENERALIZED GEOLOGIC AND AREA LOCATION MAP OF THE ANTELOPE VALLEY AREA, CALIFORNIA



EXPLANATION

Alluvium and associated deposits of Recent or Pleistocene age

Crystalline and metamorphic rocks of Cretaceous or greater age; some volcanic rocks of Tertiary or Pleistocene age; some sedimentary rocks, largely of Tertiary age

Faults

Boundary of area of investigation

Boundary of Edwards Air Force Base

Boundary of drainage basin

Boundary of groundwater basin

Boundary of area of artesian flow in 1919

Boundary of area of artesian flow in 1944

Playa or dry lake

Compiled from Water-Supply Papers 578, and 278, geology and fault pattern for the area outside the area of investigation largely after geologic map of California (1938 edition)
