

Aeromagnetic survey flown and compiled by the
U.S. Geological Survey. Flown at 10,500 feet
barometric elevation, 1968

This map is preliminary
and has not been edited
or reviewed for conformity
to Geological Survey
standards.

EXPLANATION

Magnetic contours
Showing total intensity magnetic field
of the earth in gammas relative to
arbitrary datum. Hachured to indicate
closed areas of lower magnetic inten-
sity. Dashed where data are incomplete.
Contour interval 20 gammas

Location of measured maximum or minimum
intensity within closed high or closed
low

Flight path
Showing location and spacing of data

Arizona (Morenci-Monticello area). Aeromagnetic 1:62,500. 1970.
