

**EXPLANATION**

 Magnetic contours  
Showing total intensity magnetic field  
of the earth in gammas relative to  
arbitrary datum. Indicated by  
closed areas of lower magnetic intensity,  
dashed where data are incomplete.  
Contour intervals are 20 and 100 gammas.

 Approximate border of the Selway-Bitterroot wilderness

 Location of measured maximum or minimum  
intensity within closed high or closed low

 Flight path  
Showing location and spacing of data
