

EXPLANATION

- Boundary of water-bearing rocks and deposits considered in this report
- 4350 ---
Water-level contour
Dashed where position uncertain
Contour intervals 50 and 100 feet
- Fault
Dashed where inferred or approximately located
Dotted where concealed
- 33bdl
Well and number
(Referred to in text)
- Spring
- Well
- Hydrograph shown
on fig. 17
- Raft River basin boundary

FIGURE 14.--Wells and water-level contours for Raft River basin, Idaho and Utah, spring 1966.
