

EXPLANATION

1070
 Water-table contour
Approximately located; contour interval 10 feet. Datum is mean sea level

 Ground-water divide between Wisconsin River and Wolf River basins
Approximately located

 Ground-water divide between subbasins
Approximately located

1077 R
 O T 52
 Water well
 Showing altitude of water table. Underlined number indicates altitude determined by differential leveling. Other altitudes are determined from topographic maps or by barometric leveling. R indicates reported water level. Lower number is well used for recession-curve analysis X 1103

 Lake, stream, drainage ditch, or irrigation pit
 Showing altitude of water table

Figure 7.—Map showing configuration of the water table, October 1965, in part of the sand plain of central Wisconsin.
