

Explanation

○¹⁶
Location and map number of stream sediment sample; analyses given in Table 1

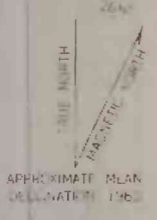

△^{16r}
Location and map number of rock sample; analyses given in Table 2

X
Location of mineral occurrences

This map is preliminary and has not been edited or reviewed for conformity with U.S. Geological Survey standards and nomenclature.

SPECIAL PRINTING
Contours and modified symbols omitted

Maped, edited, and published by the Geological Survey
Control by USGS, USCGS and USNCGS
 Topography by photogrammetric methods from aerial photographs
 taken 1957, field corrected 1960. Map scale 1:50,000
 Geoidal Transverse Mercator projection, 1927 North American datum
 10,000 foot grid based on Alaska rectangular section zone 4
 1000 meter Universal Transverse Mercator grid
 zone 15, shown in blue
 Land uses printed in gray represent approved and
 unmarked locations unapproved by the Bureau of
 Land Management. Folio 514 Seward Meridian
 Swamps, as partaken, indicate only the water areas,
 usually of low relief, as indicated from aerial photographs.
