

EXPLANATION
• Data point
— 100 —
Lines of equal transmissivity, in thousands
of gallons per day per foot
— Project boundary

Base from U.S. Geological Survey
1:24,000 Region 1951, 1951, Proctor 1953, Wild Horse Lake 1951,
Alwood NE 1951, Sterling North 1951, Galien 1951, Usher Ranch 1962,
Walrod 1951, Alwood 1951, Sterling South 1951, Herston Hill 1951

MAP SHOWING TRANSMISSIVITY OF THE VALLEY-FILL AQUIFER IN THE STERLING REACH OF THE SOUTH PLATTE RIVER VALLEY, COLORADO
