EXPLANATION

Magnetic contours
Showing total intensity magnetic field of the earth in gammas relative to arbitrary datum. Contours to indicate closed areas of lower magnetic intensity. Dashed where data are incomplete. Contour intervals 50 and 250 gammas.

Location of measured maximum or minimum intensity within closed high or closed low.

Flight Path
Showing location and spacing of data

Index map of Maryland showing county aeromagnetic maps published by USGS at 1:62,500 and four county aeromagnetic maps open filed in 1974 (Frederick County shown by diagonal lines).
