

PRELIMINARY PHOTOINTERPRETATION MAPS OF LANDSLIDE AND OTHER SURFICIAL DEPOSITS OF 56 7 1/2-MINUTE
QUADRANGLES, ALAMEDA, CONTRA COSTA AND SANTA CLARA COUNTIES, CALIFORNIA

BY
TOR H. NILSEN

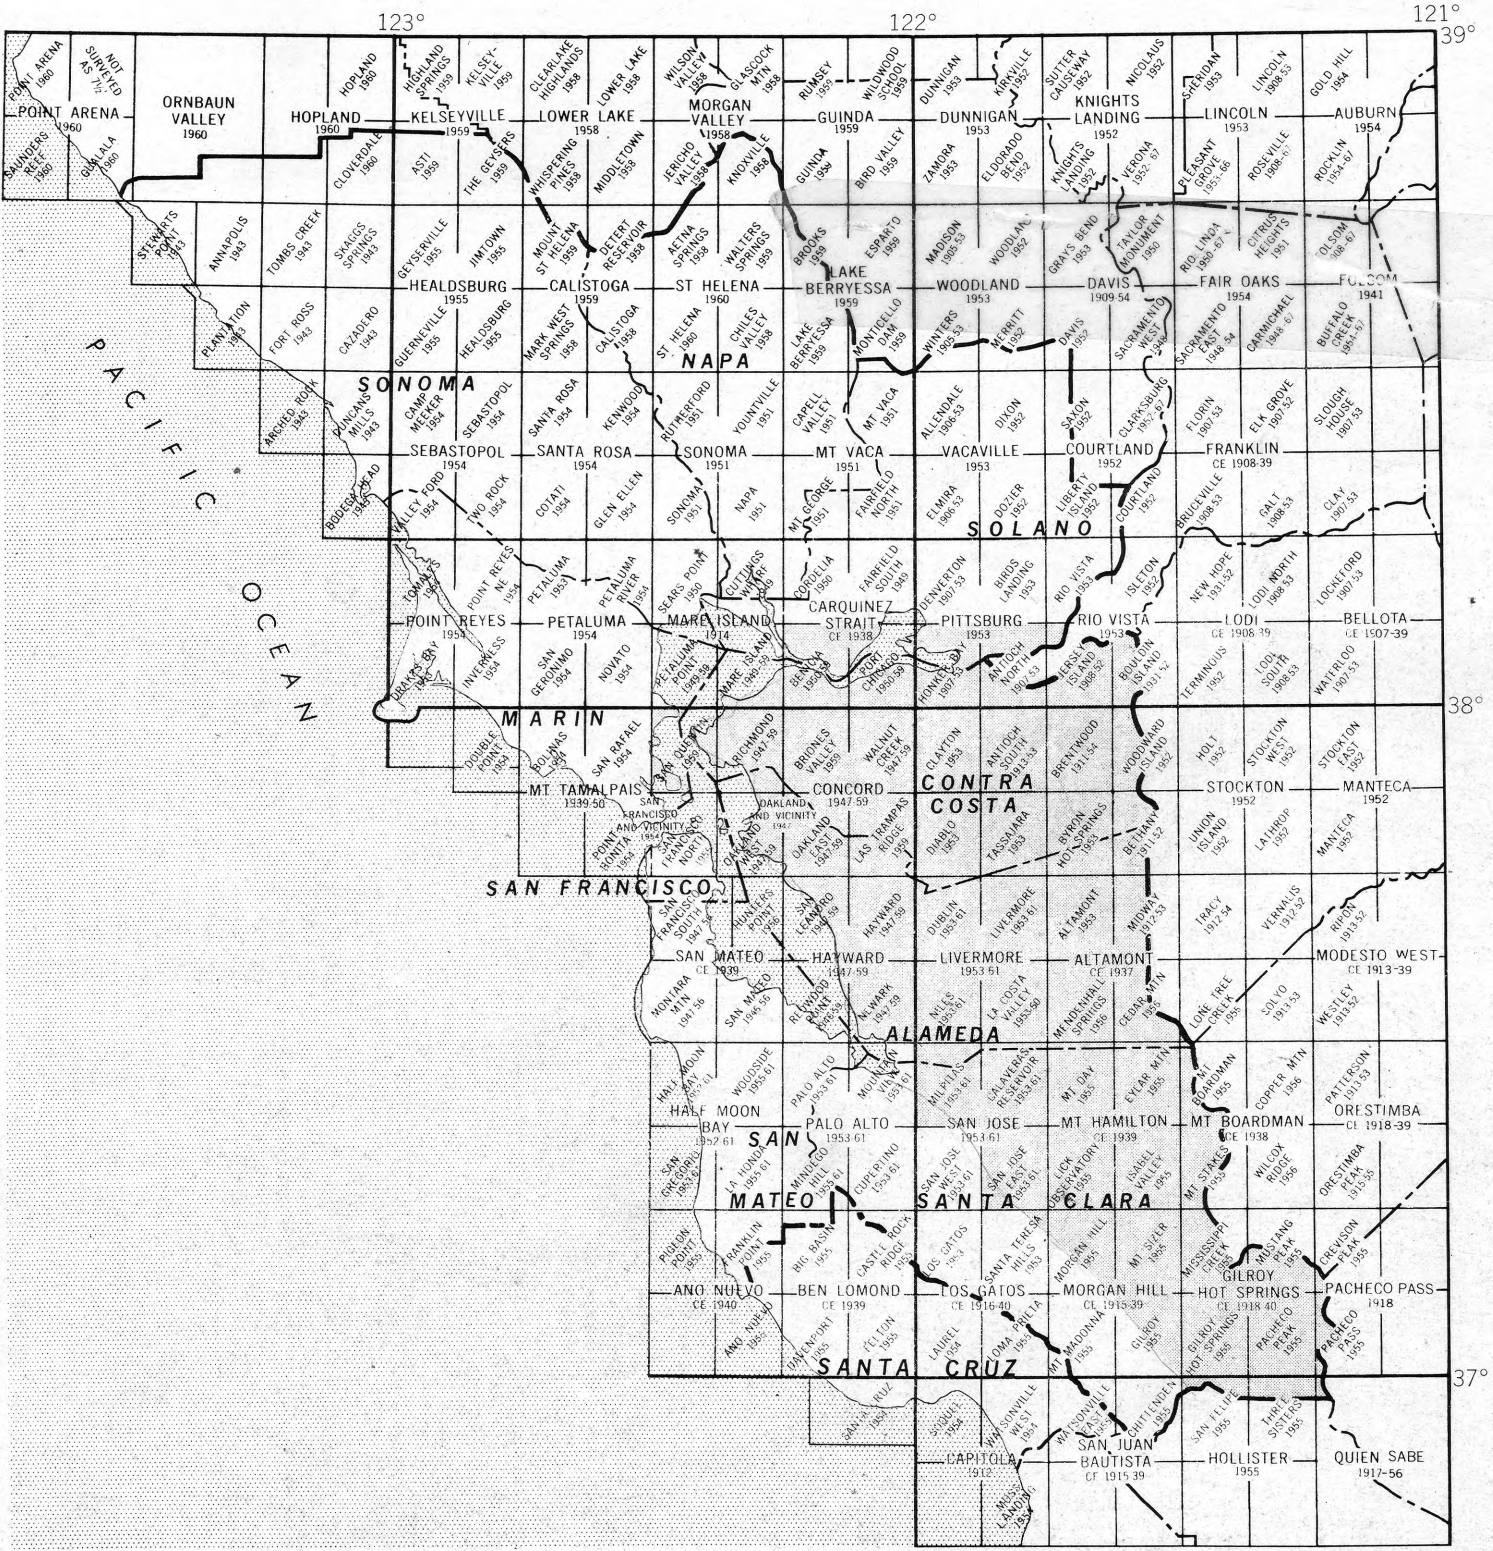

(WITH PARTS OF ADJOINING COUNTIES ON SEVERAL MAPS BY JOHN A. BARTOW, VIRGIL A. FRIZZELL, JR. AND JOHN D. SIMS)

1975

LIST OF MAPS

1. Altamont--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Altamont 7½' quadrangle, Alameda County, California
2. Antioch North--Tor H. Nilsen and John D. Sims
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Antioch North 7½' quadrangle, Solano and Contra Costa Counties, California
3. Antioch South--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Antioch South 7½' quadrangle, Contra Costa County, California
4. Benicia--Tor H. Nilsen, Virgil A. Frizzell, Jr., John D. Sims, and John A. Bartow
Preliminary photointerpretation map of landslide and other surficial deposits of the Benicia 7½' quadrangle, Contra Costa and Solano Counties, California
5. Bethany--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Bethany 7½' quadrangle, Alameda and Contra Costa Counties, California
6. Bouldin Island--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Bouldin Island 7½' quadrangle, Contra Costa County, California
7. Brentwood--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Brentwood 7½' quadrangle, Contra Costa County, California
8. Briones Valley--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Briones Valley 7½' quadrangle, Contra Costa and Alameda Counties, California
9. Byron Hot Springs--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Byron Hot Springs 7½' quadrangle, Contra Costa and Alameda Counties, California
10. Calaveras Reservoir--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Calaveras Reservoir 7½' quadrangle, Alameda and Santa Clara Counties, California
11. Cedar Mtn.--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Cedar Mtn. 7½' quadrangle, Alameda County, California
12. Clayton--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Clayton 7½' quadrangle, Contra Costa County, California
13. Crevison Peak--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Crevison Peak 7½' quadrangle, Santa Clara County, California
14. Diablo--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Diablo 7½' quadrangle, Contra Costa County, California
15. Dublin--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Dublin 7½' quadrangle, Alameda and Contra Costa Counties, California
16. Eylar Mtn.--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Eylar Mtn. 7½' quadrangle, Santa Clara and Alameda Counties, California
17. Gilroy--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Gilroy 7½' quadrangle, Santa Clara County, California
18. Gilroy Hot Springs--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Gilroy Hot Springs 7½' quadrangle, Santa Clara County, California
19. Hayward--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Hayward 7½' quadrangle, Alameda County, California
20. Honker Bay--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Honker Bay 7½' quadrangle, Contra Costa County, California
21. Isabel Valley--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Isabel Valley 7½' quadrangle, Santa Clara County, California
22. Jersey Island--Tor H. Nilsen and John D. Sims
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Jersey Island 7½' quadrangle, Contra Costa and Solano Counties, California
23. La Costa Valley--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the La Costa Valley 7½' quadrangle, Alameda County, California
24. Las Trampas Ridge--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Las Trampas Ridge 7½' quadrangle, Contra Costa and Alameda Counties, California
25. Lick Observatory--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Lick Observatory 7½' quadrangle, Santa Clara County, California
26. Livermore--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Livermore 7½' quadrangle, Alameda County, California
27. Mare Island--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mare Island 7½' quadrangle, Contra Costa County, California
28. Mariposa Peak--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mariposa Peak 7½' quadrangle, Santa Clara County, California
29. Mendenhall Springs--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Mendenhall Springs 7½' quadrangle, Alameda County, California
30. Midway--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Midway 7½' quadrangle, Alameda County, California
31. Milpitas--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Milpitas 7½' quadrangle, Alameda and Santa Clara Counties, California
32. Mississippi Creek--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mississippi Creek 7½' quadrangle, Santa Clara County, California
33. Morgan Hill--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the northeastern part of the Morgan Hill 7½' quadrangle, Santa Clara County, California
34. Mt. Boardman--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mt. Boardman 7½' quadrangle, Santa Clara County, California
35. Mt. Day--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Mt. Day 7½' quadrangle, Santa Clara and Alameda Counties, California
36. Mt. Sizer--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Mt. Sizer 7½' quadrangle, Santa Clara County, California
37. Mt. Stakes--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mt. Stakes 7½' quadrangle, Santa Clara County, California
38. Mustang Peak--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Mustang Peak 7½' quadrangle, Santa Clara County, California
39. Newark--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Newark 7½' quadrangle, Alameda County, California
40. Niles--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Niles 7½' quadrangle, Alameda County, California
41. Oakland East--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Oakland East 7½' quadrangle, Contra Costa and Alameda Counties, California
42. Oakland West--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Oakland West 7½' quadrangle, Alameda and San Francisco Counties, California
43. Pacheco Pass--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Pacheco Pass 7½' quadrangle, Santa Clara County, California
44. Pacheco Peak--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Pacheco Peak 7½' quadrangle, Santa Clara County, California
45. Port Chicago--Tor H. Nilsen, Virgil A. Frizzell, and John D. Sims
Preliminary photointerpretation map of landslide and other surficial deposits of the Port Chicago 7½' quadrangle, Contra Costa and Solano Counties, California
46. Redwood Point--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Redwood Point 7½' quadrangle, Alameda County, California
47. Richmond--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Richmond 7½' quadrangle, Contra Costa and Alameda Counties, California
48. San Felipe--Tor H. Nilsen
Preliminary photointerpretation map of landslide and surficial deposits of part of the San Felipe 7½' quadrangle, Santa Clara County, California
49. San Jose East--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the San Jose East 7½' quadrangle, Santa Clara County, California
50. San Leandro--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the San Leandro 7½' quadrangle, Alameda County, California
51. San Quentin--Tor H. Nilsen and Virgil A. Frizzell, Jr.
Preliminary photointerpretation map of landslide and other surficial deposits of the San Quentin 7½' quadrangle, Marin, Contra Costa, and San Francisco Counties, California
52. Santa Teresa Hills--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Santa Teresa Hills 7½' quadrangle, Santa Clara County, California
53. Tassajara--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Tassajara 7½' quadrangle, Contra Costa and Alameda Counties, California
54. Three Sisters--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Three Sisters 7½' quadrangle, Santa Clara County, California
55. Walnut Creek--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of the Walnut Creek 7½' quadrangle, Contra Costa County, California
56. Woodward Island--Tor H. Nilsen
Preliminary photointerpretation map of landslide and other surficial deposits of part of the Woodward Island 7½' quadrangle, Contra Costa County, California
