

Grid from U.S. Geological Survey, 1970.

Aeromagnetic survey flown and compiled by the U.S. Geological Survey. Flown at 400 feet above ground, 1963.

This map is preliminary and has not been edited or reviewed for conformity to Geological Survey standards.

EXPLANATION

Magnetic contours
Showing total intensity magnetic field of the earth in gamma relative to arbitrary datum. Included to indicate closed areas of lower magnetic intensity. Dashed where data are incomplete. Contour interval is 10 gamma.

Location of measured maximum or minimum intensity within closed high or closed low

Flight path
Showing location and spacing of data
