Improved Open Space.....	7 7
Unimproved Open Space.....	8 8
Water.....	9 9

Change polygons are identified by a two-digit number; the first digit identifies the land use in 1970 and the second digit the land use in 1972. For example, a change polygon coded 64 means that the land use changed from Agriculture (6) in 1970 to Single-Family Residence (4) in 1972. Land use in transition is shown by an asterisk (*) following the use code.
