

(200)  
R 290  
no. 77-258

Base map from U.S. Naval Oceanographic  
Office, Washington, D.C.  
Lambert Conformal Conic Projection

SCALE 1:62,500

Aeromagnetic survey flown at 1,737 m (5,700 ft)  
average barometric elevation in 1975  
Compiled by U.S. Naval Oceanographic Office,  
Washington, D.C., 1976

FIGURE 2.--AEROMAGNETIC MAP OF THREE RIVERS 15-MINUTE QUADRANGLE, NEW MEXICO

1977

Index map of New Mexico showing areas  
of twelve aeromagnetic maps of the  
Tularosa valley area. Area of this  
map is shaded

This map is preliminary and has not been  
edited or reviewed for conformity  
to Geological Survey standards

EXPLANATION

Magnetic contours

Showing residual magnetic anomalies in total magnetic intensity  
relative to the reference field of the World Chart of the  
Earth's Magnetic Field published by the Defense Mapping  
Agency, Washington, D.C. Hashured to indicate areas of  
lower magnetic intensity. Contour intervals are 10, 50,  
and 100 gammas  
Flight paths are indicated by ticks on magnetic contours  
along the path  
Location of magnetic high or low value along flight  
path is indicated by a dot
