

EXPLANATION

- 6450 —
- 6500 —
- STRUCTURE CONTOURS - Drawn on top of the Fruitland 2 coal bed. Contour interval 50 feet (15.2 meters). Datum is mean sea level. Contours long dashed where inferred, short dashed where projected through uncoal-bearing areas.
- 6462.3
- 6459.7
- BELL HOLE - Showing altitude at the top of the Fruitland 2 coal bed, in feet.
- ↑ Pr 2 ↓
- TRACE OF COAL BED OUTCROP - Showing symbol of name of coal bed. Dashed line indicates inferred outcrop. Arrow points to coal-bearing area. Trace of coal bed outcrop modified (from original data source) to fit modern topographic map.
- ↓
- Fault - Dashed where approximately located; bar and ball on downthrown side.
- To convert feet to meters, multiply feet by 0.3048.
- Fruitland coal beds contoured as a single surface on this map are equivalent in stratigraphic position but may not be continuous.
