EXPLANATION

TRACE OF THE COAL-BED CONTINGENT - The coal-bearing zone is indicated by dashed lines. The trace of the coal bed is shown as a series of dotted lines. To convert feet to meters, multiply feet by 0.3048.

SHAPE OF THE COAL BED - Showing coal and thickness, in feet.

MINING-RATIO CONTENT - Number indicates cubic yards of overburden per short ton of recoverable coal by surface mining methods. Contour lines are shown at regular intervals.

The outline of the Felix coal bed was obtained from survey and U.S. Geological Survey reports. The coal bed is shown as a series of dotted lines. To convert feet to meters, multiply feet by 0.3048.
