

EXPLANATION

Magnetic contours showing total intensity magnetic field of the earth in gammas relative to arbitrary datum
Hachured to indicate closed areas of lower magnetic intensity; dashed where data are incomplete

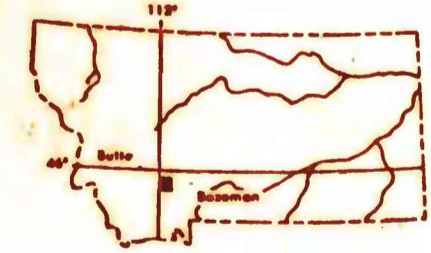

--- Flight path
Showing location and spacing of data

L13 Index number for anomaly

Contour Interval 20 Gammas

Flight level 150 meters above ground

Data Source:
Davis, W. E., Kinoshita, W. T., and Robinson, C. D., 1965, Bouguer gravity, aeromagnetic, and generalized geologic map of the western part of the Three Forks Basin, Jefferson, Broadwater, Madison, and Gallatin Counties, Montana: U.S. Geological Survey Geophysical Investigations Map GP-497, scale 1:62,500.
