SUMMARIES OF DATA ON AND LISTS OF REFERENCES TO
METALLIC AND SELECTED NONMETALLIC MINERAL OCCURRENCES
IN THE TELLER QUADRANGLE, ALASKA,
SUPPLEMENT TO OPEN-FILE REPORT 75-587

PART B -- LISTS OF REFERENCES TO JANUARY 1, 1980

By
Edward H. Cobb

Open-file Report 81-364B
1981

This report is preliminary and has
not been reviewed for conformity with
U.S. Geological Survey editorial
standards.

Introduction

This report was prepared as a supplement to a 1975 report which summarized data on mineral occurrences in the Teller quadrangle, Alaska (Cobb, E. H., 1975, Summary of references to mineral occurrences (other than mineral fuels and construction materials) in the Teller quadrangle, Alaska: U.S. Geological Survey Open-file Report 75-587, 141 unnumbered p.). As a result of suggestions from users of the series of which the 1975 report is a part, this supplement is released in two parts; Part A, which presents summaries of data to January 1, 1980, and Part B, which consists of reference lists for each occurrence.

In Part A data from reports released between the cut-off date (January 1, 1975) for the original report and January 1, 1980 have been incorporated in rewritten or new summaries where appropriate; if there are no new data on a deposit the original summary is repeated or a new reworded version is substituted. For each deposit the name, list of mineral commodities, and location data are in the same format as in the 1975 report. Also included is an updated list of synonyms, owner, operator, and claim names.

In Part B citations are in standard bibliographic format with the exception that references to reports and maps in numbered publication series also show, in parentheses, an abbreviation for the report or map series and the number of the report or map. Abbreviations used are:

B	U.S. Geological Survey Bulletin
BMB	U.S. Bureau of Mines Bulletin
C	U.S. Geological Survey Circular
I	U.S. Geological Survey Miscellaneous Geologic Investigations Map
IC	U.S. Bureau of Mines Information Circular
OF	U.S. Geological Survey Open-file Report
MF	U.S. Geological Survey Miscellaneous Field Studies Map
P	U.S. Geological Survey Professional Paper
RI	U.S. Bureau of Mines Report of Investigations
TDM	Alaska Territorial Department of Mines Pamphlet
USBM OF	U.S. Bureau of Mines Open-file Report

Citations to the principal references used in preparing summaries in Part A are preceded by an asterisk.

Because the form of citation used in the reference list for each deposit constitutes sufficient identification for each numbered report or map to allow it to be found easily in most libraries, the general reference list in this report consists only listings of reports without formal identifying numbers. Numbers given to U.S. Geological Survey Open-file Reports listed with complete titles are informal and used mainly in the Branch of Alaska Geology of the Geological Survey.
