EXPLANATION

700

Magnetic contours
Showing total intensity magnetic field of the earth in gammas relative to arbitrary datum. Hachured to indicate closed areas of lower magnetic intensity. Contour intervals 20 and 100 gammas

×1748

Location of measured maximum or minimum intensity within closed high or closed low

Flight path
Showing location and spacing of data

Aeromagnetic data from U.S. Geological Survey (1978). Flight elevation 3960 m barometric. Data for east and west parts of area compiled at different arbitrary base values.
