

DESCRIPTION OF MAP UNITS

UNCONSOLIDATED DEPOSITS

- Qal Floodplain and low terrace deposits
- Qog Outwash gravel and low terrace deposits
- Qg High-level gravel (ancestral Colville)
- Qsm Silt and muck deposits
- Qds Debris slides
- Qsf Solifluction mantle
- Qt Thaw lake deposits
- Qus Upland silt
- Qb Marine beach (?) deposits

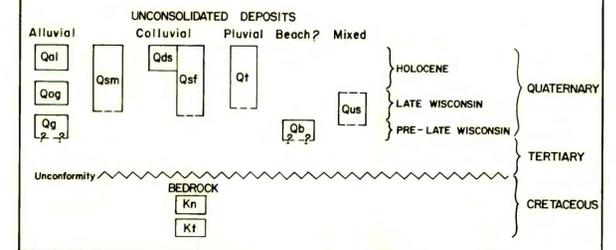

BEDROCK

- Kn Nanushuk Group rocks
- Kt Torok shale and Fortress Mountain Formation

SYMBOLS

- Contact, dashed where approximately located, queried where extreme doubt as to position
- Northern boundary of prominent erosion surface
- Anticline showing direction of plunge
- Syncline showing direction of plunge
- pingo
- X<sub>177</sub> fossil and/or radiocarbon dated locality
- Δ coal outcrop (Martin and Callahan, 1978)
- coal reported in shallow seismic drill hole (Martin and Callahan, 1978)

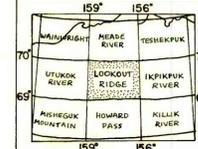

CORRELATION OF MAP UNITS

FOSSIL AND RADIOCARBON-DATED LOCALITIES

- 177 Mollusca from stratified thaw lake sediments; peaty material dated at 2640 ± 85 years B.P. (I-10273); carbonized wood fragments (transported ?) dated at 8980 ± 140 years B.P. (I-10787), Topogoruk River (Williams and Yeend, 1979).
- 35 Carbonized wood (transported ?) in frozen muck 2.5 meters down from surface dated at 8460 ± 135 years B.P. (I-11146), lake bluff near northern boundary of quadrangle.
- 97 Fossil ivory (tusk), unnamed western tributary to Meade River.
- 99 Mollusca in brown sand, large mammal tooth, Meade River bluff.
- 40 Mammal bones from 4 meter-thick section of cross-bedded sand lying beneath 30 meters of silt; exposed at bluff along Usuktuk River; Saiga Antelope bones dated 37,000 ± 990 years B.P. (65C 3050) reported from river bar by Harrington (1981) near this locality.
- 253 Mammoth ivory, teeth found near the junction of the Awuna River and Birthday Creek (Smith and Mertie, 1930, p. 253).

LOCATION INDEX

Base from USGS 1:250,000

LOOKOUT RIDGE, 1956, 100 ft

SCALE 1:250,000

Geology by W. E. Yeend, 1977, 78, 82; assisted by Inyo Ellersieck, 1977, and Randy Ennis, 1978; bedrock adapted from Mayfield and others, 1978; coal locations from Martin and Callahan, 1978.

ENGINEERING - GEOLOGIC MAPS OF NORTHERN ALASKA, LOOKOUT RIDGE QUADRANGLE

By  
Warren Yeend

1983

This map is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards and stratigraphic nomenclature.
