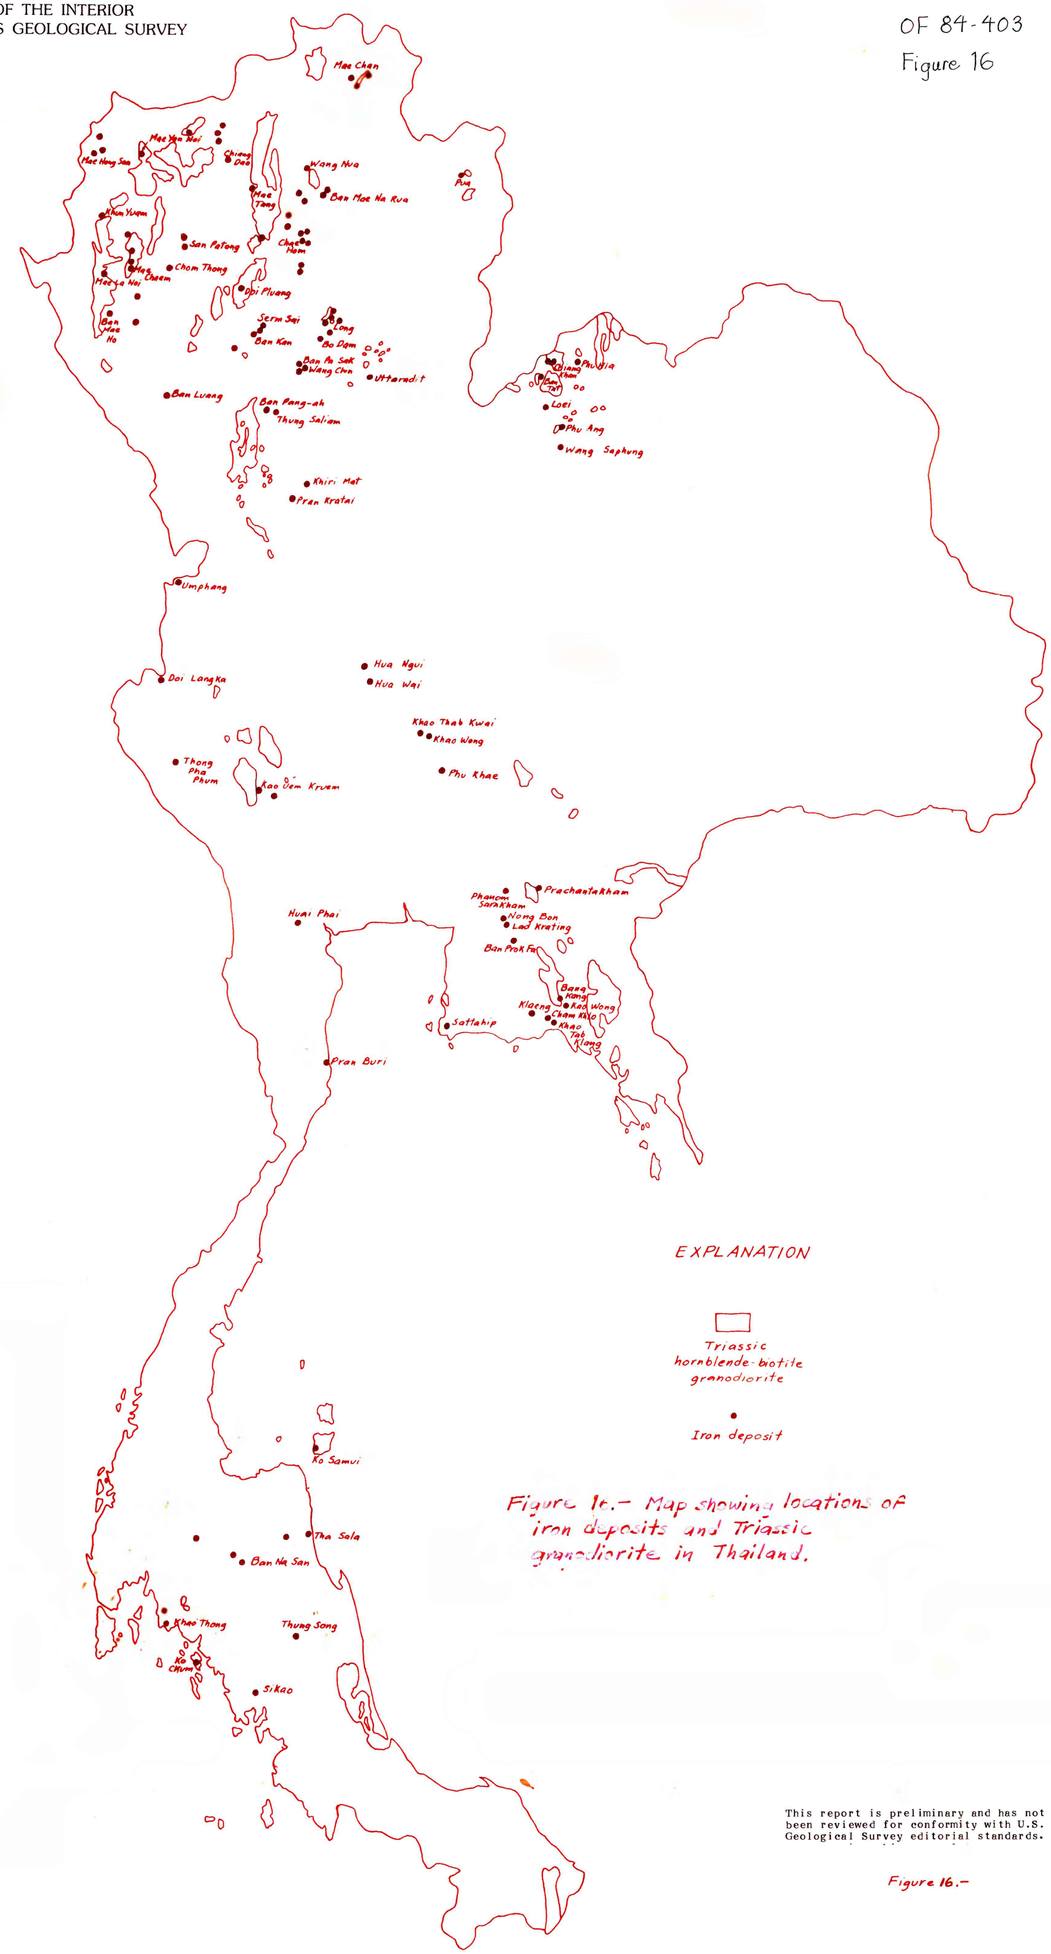
DEPARTMENT OF THE INTERIOR
UNITED STATES GEOLOGICAL SURVEY

OF 84-403
Figure 16



EXPLANATION

Triassic hornblende-biotite granodiorite

Iron deposit

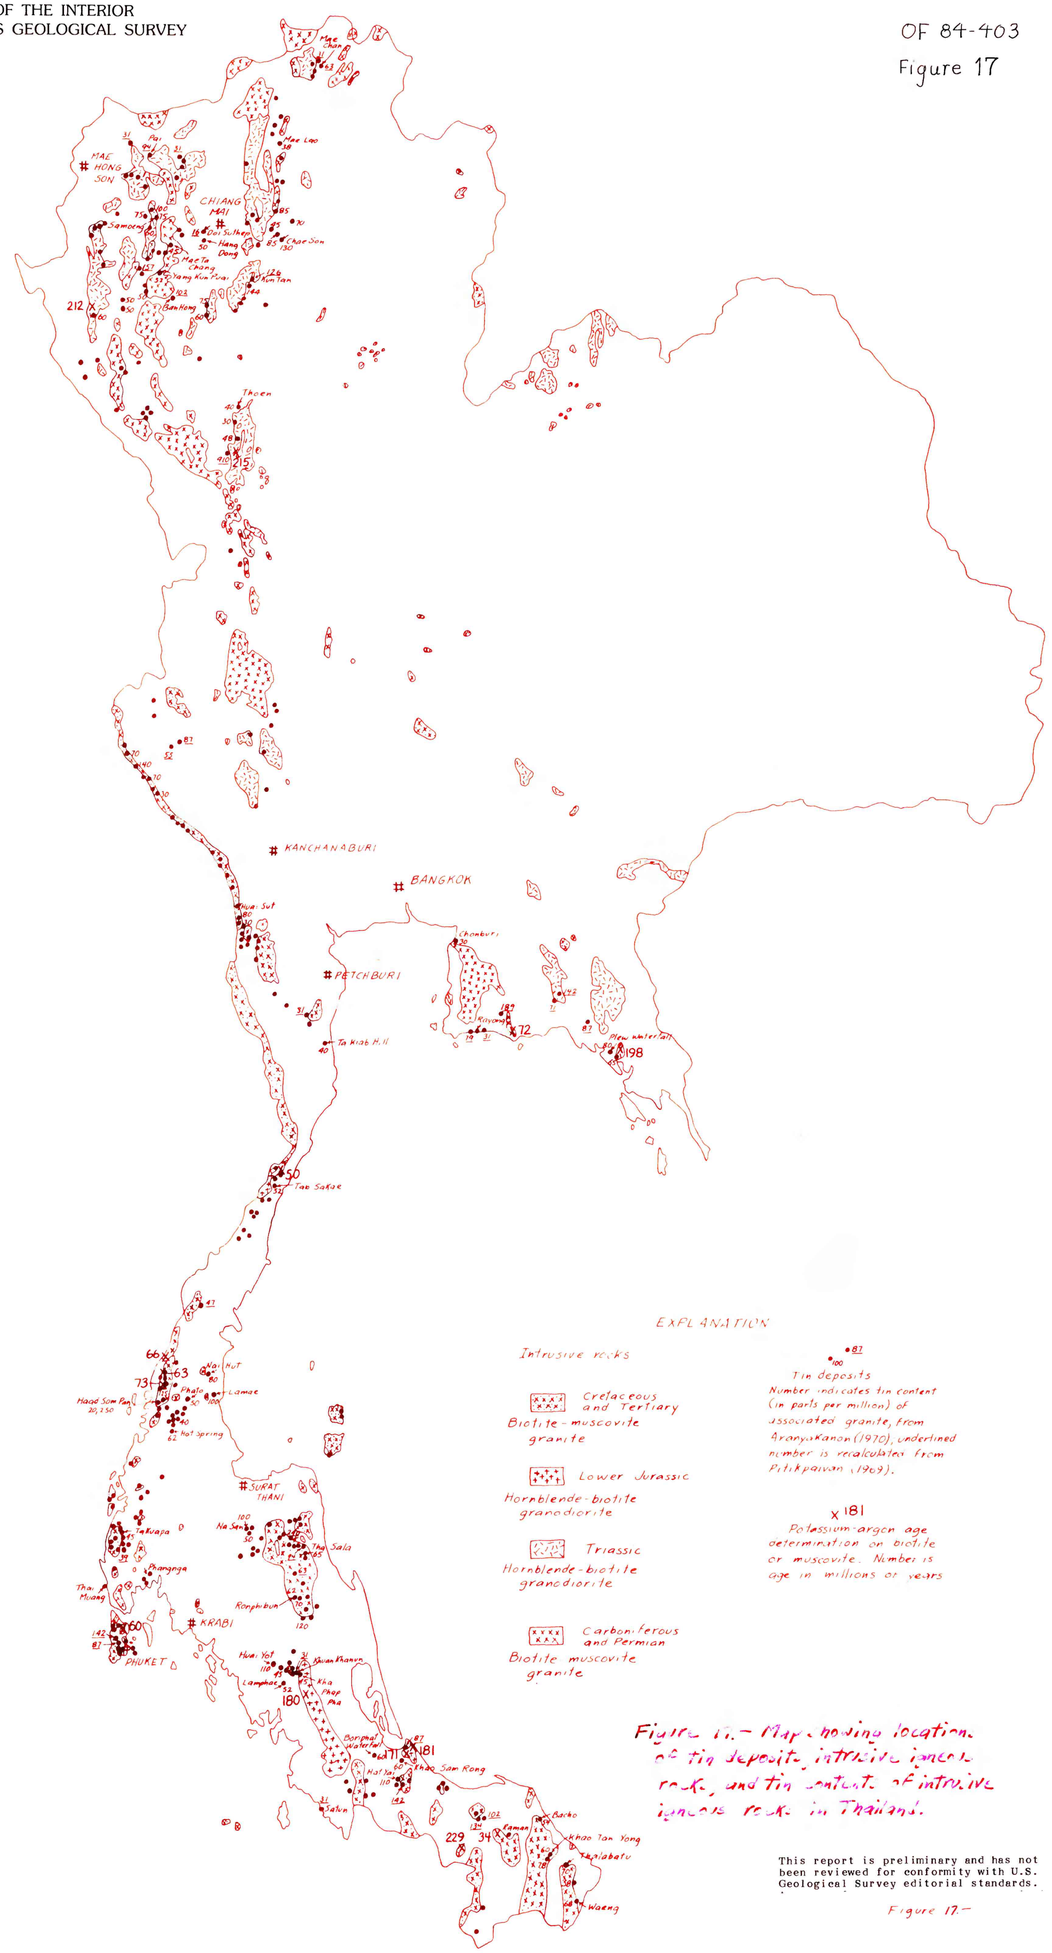
Figure 16.- Map showing locations of iron deposits and Triassic granodiorite in Thailand.

This report is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards.

Figure 16.-

DEPARTMENT OF THE INTERIOR
UNITED STATES GEOLOGICAL SURVEY

OF 84-403
Figure 17



EXPLANATION

Intrusive rocks

Cretaceous and Tertiary Biotite-muscovite granite

Lower Jurassic Hornblende-biotite granodiorite

Triassic Hornblende-biotite granodiorite

Carboniferous and Permian Biotite muscovite granite

87
100
Tin deposits
Number indicates tin content (in parts per million) of associated granite, from Aranyakanon (1970), underlined number is recalculated from Pitikpaivan (1969).

x 181
Potassium-argon age determination on biotite or muscovite. Number is age in millions of years

Figure 17.- Map showing locations of tin deposits, intrusive igneous rocks, and tin contents of intrusive igneous rocks in Thailand.

This report is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards.
