PUBLICATIONS OF THE U.S. GEOLOGICAL SURVEY, WATER RESOURCES DIVISION FOR PUERTO RICO AND THE U.S. VIRGIN ISLANDS, 1946-1985

By

Ferdinand Quiñones and Elba Rivera

ABSTRACT

A bibliography was compiled of the water resources investigations conducted by the U.S. Geological Survey, Water Resources Division, in Puerto Rico and the U.S. Virgin Islands. The bibliography includes an alphabetical listing by author, as well as listings by general and specific areas in Puerto Rico and the U.S. Virgin Islands. The publications are also classified by type of report: Open File, Open-File Data Report, Water-Supply Paper, Water-Resources Investigations, and Professional Paper.

INTRODUCTION

This bibliography lists the publications of the Water Resources Division printed between 1946 and 1985.

ORGANIZATION OF THE BIBLIOGRAPHY

The publications are listed in alphabetical order by author. A code number has been assigned to each publication in the author's listing. The code numbers are used in three auxiliary listings to assist the reader in locating a particular publication. The auxiliary listings are:

1. A listing by type of USGS publication (Bulletins, Atlases, Professional Papers, numbered Open-File Reports, Water-Resources Investigations, Water-Data Reports, Circulars, Information Pamphlets, and Water-Supply Papers).

2. A listing by general location in Puerto Rico (north, south, east, west, east-central, west-central, Vieques, Culebra, Island-wide) and individual U.S. Virgin Islands (St. Thomas, St. Croix, and St. John).

3. A listing referring the publications to the nearest municipality in Puerto Rico.

ORGANIZATION OF THE BIBLIOGRAPHY (Continued)

Some of the publications listed in this bibliography may be available from the Caribbean District Office of the U.S. Geological Survey. These are usually those printed more recently. Inquiries concerning available publications can be made by telephone (809) 753-4414 or in writing (GPO Box 4424, San Juan, P.R. 00936). There are specific federal policies concerning the number of publications that can be made available free of cost from field offices.

Many of the listed publications are out of print and can be obtained only through the National Technical Information Services (NTIS) or from the USGS Texts Distribution Center. These offices can be contacted as follows:

1. National Technical Information Service
U.S. Department of Commerce
5285 Port Royal Road
Springfield, Virginia 22161
Tel. (703) 487-4650
2. Texts Products Section
Eastern Distribution Branch
USGS
604 South Picket Street
Alexandria, Virginia 22304-4658
Tel. (703) 756-6141
3. Eastern Distribution Branch (maps only)
USGS
1200 South Eads Street
Arlington, Virginia 22202
Tel. (703) 557-2781

The Caribbean District Office also maintains library copies of some of the out-of-print publications. These are loaned to users for a maximum period of 24 hours to allow time for reproduction. Participants in this system are required to sign a receipt binding the return of the publication as agreed.
