

Produced by the United States Geological Survey
Selected altimetric data and the 4205 ft and 4220 ft contours compiled from USGS 1:24 000-scale topographic maps dated 1969-1983
Contours below 4220 ft compiled from laser profile data collected in August 1985 by the USGS Aerial Profiling of Terrain System (APTS)
Dashed contours in areas of extensive sand dunes are approximate
Contours not shown in light listed areas
Control by USGS, NOS NOAA, and Colwell, Richards, and Sorenson, INC. Control symbolized by > established to support APTS
Universal Transverse Mercator Projection, zone 12
1927 North American Datum
