

Table 4.—Generalized correlation chart of Paleozoic rocks underlying central and southern parts of the Appalachian Basin

Note: The nomenclature used in this chart is from many sources and may or may not agree with U.S. Geological Survey usage. Geology adapted from Cardwell and others (1966), Herdeman and others (1966), Harris and Milici (1977), Milici and Smith (1969), Wilson and Sutton (1976), Patchen and others (1985a, 1985b).

#/ Rocks shallower than confining unit above Unit F are too close to land surface in study area.

b/ K - Kentucky, O - Ohio, P - Pennsylvania, T - Tennessee, V - Virginia, W - West Virginia

c/ Names from Correlation of Stratigraphic Units of North America (COSUNA) project (see Patchen and others 1985a, 1985b)
