

UNITED STATES DEPARTMENT OF THE INTERIOR

GEOLOGICAL SURVEY

Lists and location maps of aeromagnetic and
aeroradiometric publications from the Department
of Energy NURE Program

by

Patricia L. Hill

Open-File Report 86-525-G

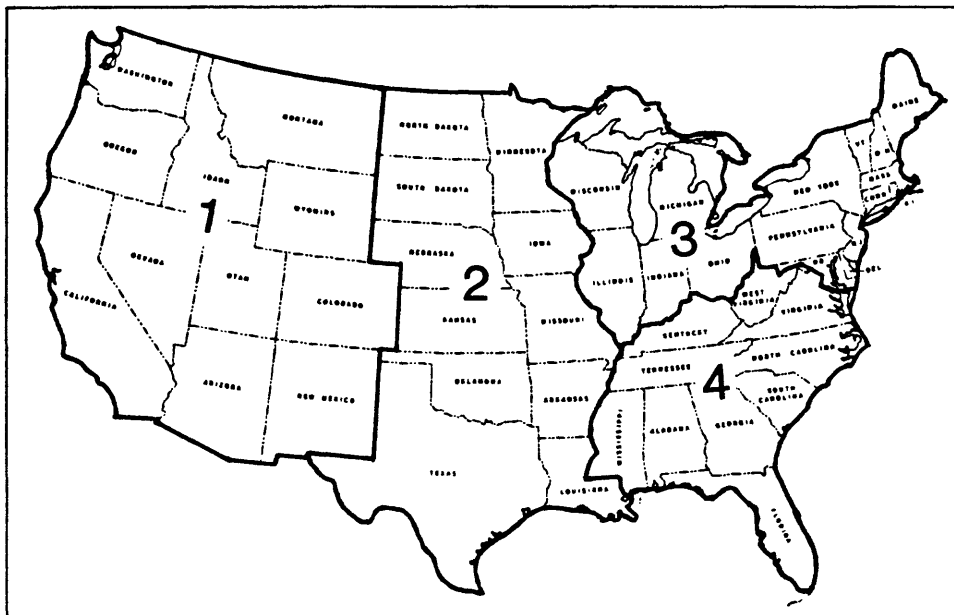

This report is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards.

TABLE OF CONTENTS

	Page
General Information.....	2
DOE-NURE.....	4

GENERAL INFORMATION FOR THE
AEROMAGNETIC AND AERORADIOMETRIC INDEXES

Bibliographies and location maps of selected publications containing aeromagnetic and/or aeroradiometric data have been compiled for each state. These state indexes have been grouped together to form seven open-file reports: four for the conterminous United States (see index map below), one for Alaska and Hawaii, one for Puerto Rico and large areas of the United States (U.S. Regional), and one for the Department of Energy (DOE) National Uranium Resource Evaluation (NURE) Program reports.

The open-file report numbers in this series are:

Area 1	OF 86-525-A	Alaska and Hawaii	OF 86-525-E
Area 2	OF 86-525-B	Puerto Rico and U.S.	OF 86-525-F
Area 3	OF 86-525-C	DOE - NURE	OF 86-525-G
Area 4	OF 86-525-D		

In addition to U.S. Geological Survey (U.S.G.S.) publications, the indexes include maps and interpretation reports published by various states, universities, other government agencies, professional societies, and a few by private industry which are available only from those sources. These sources are given in each index if their availability is known.

Unless otherwise noted, professional papers, bulletins, open-file reports, etc., are U.S.G.S. publications. Many of the publications listed are Geophysical Investigations Maps (GP) and other U.S.G.S. maps (MF, I, etc.). These may be purchased from: U.S. GEOLOGICAL SURVEY, MAP DISTRIBUTION, FEDERAL CENTER, BLDG. 41, BOX 25286, DENVER, CO 80225 (303-236-7477, FTS 776-7477). Requests originating in Alaska for maps of Alaska may be sent to: U.S. GEOLOGICAL SURVEY, ALASKA DISTRIBUTION SECTION, NEW FEDERAL BLDG., BOX 12, 101 TWELFTH AVENUE, FAIRBANKS, AK 99701.

GENERAL INFORMATION (cont'd)

Professional papers and bulletins that are not out of print can be purchased over the counter from the U.S.G.S. Public Inquiries Offices located in Anchorage, Dallas, Denver, Los Angeles, Menlo Park, Reston, Salt Lake City, San Francisco, Spokane, and Washington, D.C. They may also be purchased by mail from: U.S. GEOLOGICAL SURVEY, BOOKS AND OPEN-FILE REPORTS, FEDERAL CENTER, BLDG. 41, BOX 25425, DENVER, CO 80225 (303-236-7476, FTS 776-7476). Do not mix map and book orders!

Most all U.S.G.S. open-file reports are available in microfiche or paper copies from the address above. They are available only by mail. Open-file reports may be examined at libraries and certain offices of the U.S.G.S., State Surveys and universities. These locations are noted in each state index.

NURE Program reports are now being handled by the U.S.G.S. They are available, by mail only, in microfiche or paper copies from the U.S.G.S. BOOKS AND OPEN-FILE REPORTS address above. These reports may be examined at the U.S.G.S. libraries and certain State Survey offices.

Prices for U.S.G.S. publications are published in the monthly listing "New Publications of the Geological Survey". Current price and availability information for older publications and the NURE Program reports can be obtained by contacting the appropriate location listed above. Prepayment is required when ordering.

Some of the publications listed are in professional journals, technical books and out-of-print government books/reports. These may be viewed at U.S.G.S. libraries and many university and public libraries.

Most of the post-1972 U.S.G.S. airborne data are available in digital form. Information on which areas are available and duplication costs can be obtained from: NATIONAL GEOPHYSICAL DATA CENTER, NOAA, CODE E/GC12, 325 BROADWAY, BOULDER, CO 80303 (303-497-6478, FTS 320-6478).

The digital data from the NURE program are available from: U.S. GEOLOGICAL SURVEY, EROS DATA CENTER, USER SERVICES, SIOUX FALLS, SD 57198 (605-594-6151, FTS 784-7151).

General information on U.S.G.S. airborne coverage can be obtained from: U.S. GEOLOGICAL SURVEY, BRANCH OF GEOPHYSICS, FEDERAL CENTER, BOX 25046, MS 964, DENVER, CO 80225 (303-236-1343, FTS 776-1343; messages 303-236-1212, FTS 776-1212).

U.S. DEPARTMENT OF ENERGY - NURE PROGRAM

Note: All reports and maps listed here are available from the U.S. Geological Survey Books and Open File Reports Section.

The following maps list the publication numbers for the Department of Energy National Uranium Resource Evaluation (NURE) Program studies in each 2° sheet. Included are geochemical, geological, and airborne geophysical reports:

Index of open file reports - United States, by Bendix Field Engineering Corp., Dept. of Energy Preliminary Map 35, 1983.

Index of open file reports - Alaska, by Bendix Field Engineering Corp., Dept. of Energy Preliminary Map 36, 1983.

1° x 2° Quadrangle Reports

GJO- and GJBX- reports are the original contractor reports containing aeroradiometric and aeromagnetic profiles. Most of these reports consist of two or more volumes. Map scales are 1:500,000.

GJM- reports contain 4 sheets of aeromagnetism only. Sheets 1-3 are profiles, sheet 4 is a contoured aeromagnetic map; scale 1:250,000.

PGJ/F- and GJQ- reports are uranium evaluation summaries. They are listed here only if airborne data is presented. Map scales are usually 1:500,000.

Reports covering detail areas and other special studies are listed in the individual state indexes or the U.S. Regional Index.
