DIRECTORY OF MEMBER ORGANIZATIONS
OF THE
NATIONAL WATER DATA EXCHANGE (NAWDEX)

By
CASSANDRA D. BLACKWELL

ABSTRACT

The National Water Data Exchange (NAWDEX) is a national confederation of water-oriented organizations working together to improve access to water data. It consists of member organizations from all sectors of the water-data community. This Directory provides the names, addresses, and telephone numbers of all NAWDEX member organizations and their designated NAWDEX representatives.

INTRODUCTION

The National Water Data Exchange (NAWDEX) is a national program to assist users of water data or water-related data in identifying, locating, and acquiring needed data. A variety of data, indexing, assistance and referral services are provided through a nationwide network of Assistance Centers located in 45 States and Puerto Rico. The program is centrally managed and coordinated by a NAWDEX Program Office located within the U.S. Geological Survey in Reston, Va.

NAWDEX is a national confederation consisting of member organizations from all sectors of the water-data community including Federal, State, local governmental, academic, interstate, and private organizations. Foreign organizations are also invited to become affiliated with the program. This Directory provides the names, addresses, and telephone numbers of all NAWDEX member organizations and their designated NAWDEX representatives.

NAWDEX MEMBERSHIP

Membership in NAWDEX is voluntary and open to any water-oriented organization that wishes to take an active role. No dues or fees are associated with becoming a member. Members are required, however, to sign a memorandum of understanding with the NAWDEX Program Office that defines a member's general commitment to take an active role in NAWDEX activities, to provide information on its data holdings for indexing purposes, and to provide data from its holdings upon request. A sample copy of the memorandum of understanding is shown in the appendix. The contents of the memorandum of understanding may be amended, as necessary, to meet individual requirements of member organizations.

PURPOSE OF THE DIRECTORY

This Directory is provided to identify member organizations of NAWDEX and to provide points of contact for NAWDEX activities within these organizations. In this manner, direct channels of communication are established between members, thereby improving communication throughout the water-data community. The Directory will be updated periodically to include new member organizations.

ADDITIONAL INFORMATION

Additional information concerning the NAWDEX program, membership, and services available may be obtained from:

National Water Data Exchange

DIRECTORY OF MEMBER ORGANIZATIONS

Acheron Engineering Services

30 Main Street
Newport, ME 04953

Designated Representative:
Gregory Brown
Telephone: (207) 368-5120

Agricultural Research Service-USDA

U.S. Dept. of Agriculture
Room 139, Building 007
Beltsville, MD 20705

Designated Representatives:
Ralph Roberts
Computer Specialist
Telephone: (301) 344-4412

John W. Green
ANRE Department/USDA
Colorado State University
Fort Collins, CO 80523

Alabama Geological Survey

P.O. Drawer 0
Tuscaloosa, AL 35486

Designated Representative:
James D. Moore, Director, WRD
Telephone: (205) 349-2852

Alaska Department of Environmental Conservation

State of Alaska
Department of Environmental Conservation
Pouch O, Mail Stop 1800
Juneau, AK 99811

Designated Representative:
Michael A. Angelo, Systems Analyst
Telephone: 8-(907) 465-2621

Alaska Department of Fish and Game--Habitat Division

565 University
Fairbanks, AK 99701

Designated Representative:
Dr. Phyllis K. Weber
Telephone: (907) 274-0516

Alaska Department of Natural Resources

Division of Mining & Geology
P.O. Box 772116
Eagle River, AK 99577

Designated Representative:
William E. Long
Chief, Water Resources Section
Telephone: (907) 696-0070

Alaska Department of Transportation and Public Facilities

Regional Hydrologist
Pouch 196900
Anchorage AK 99519-6900

Designated Representative:
W. F. (Skip) Barber
Telephone: (907) 333-0616 or 338-4200

American Insurance Services Group, Inc.

Engineering and Safety Service Division
85 John Street
New York, NY 10038

Designated Representative:
Mark Grossman
Telephone: (212) 669-0479

People's Republic of China

Designated Representative:

Alan Shaohsing King
Chief, Surface Water Section
Telephone: (02) 391-9101

APPENDIX

MEMORANDUM OF UNDERSTANDING

AND THE
UNITED STATES GEOLOGICAL SURVEY
PERTAINING TO THE NATIONAL WATER DATA EXCHANGE

The National Water Data Exchange (NAWDEX) is comprised of water-oriented organizations working together to provide convenient access to water data. The NAWDEX mission is to identify sources of water data, to index data holdings of water-oriented organizations, and to provide the linkage between those who acquire and those who use water data.

This memorandum recognizes the _____ as a participating member of the National Water Data Exchange (NAWDEX). This membership will continue in effect until terminated by mutual agreement or by either agency providing 60 days written notice to the other agency.

The U.S. Geological Survey (USGS), through its NAWDEX Program Office, will provide the central management of NAWDEX, and will serve as a coordinating facility for all NAWDEX facilities.

The NAWDEX Program Office will be responsible for:

- - - Establishing response and referral mechanisms for handling requests for water data in the files of NAWDEX members.
- - - Establishing and maintaining a Master Water Data Index of data holdings of the NAWDEX members and making the index available to all.
- - - Establishing and maintaining a Water Data Sources Directory and making this directory available to all.
- - - Establishing a nationwide network of NAWDEX Assistance Centers that will provide data search assistance to requesters and aid them in gaining access to water data held by NAWDEX members.

The _____ will be responsible for:

- - - Taking an active role in the formulation of NAWDEX policies, procedures, and standards and implementing them within its organization to the extent practicable.
- - - Participating in the development of standard techniques and methodologies for handling of water data and using them within its organization to the extent practicable.

- - - Providing information on internally held water data for inclusion in the Master Water Data Index and, as requested, providing current information to update the Master Water Data Index to reflect additions, changes, and corrections to the index.

- - - Providing data from its internal holdings either in response to a referral from the NAWDEX Program Office or a NAWDEX Assistance Center, or in response to a direct request for water data.

- - - Designating a representative of its organization to function as the primary contact for all NAWDEX matters.

It is mutually understood that membership in NAWDEX is voluntary and that all members will participate on an equal basis, and consent to be listed as a source of water data in the Water Data Sources Directory. There will be an open exchange of information among NAWDEX members and every effort will be made to provide water data to the user community in a timely and equitable manner.

Owen O. Williams, Deputy Program
Manager, National Water Data Exchange
