Program disk to accompany MAGMIX (Computers
and Geosciences, 1988, v. 14, p. 213-228)
for IBM PC/AT (or compatible) computers

By

Thomas P. Frost[1] and James R. Lindsay[1]

Open-file Report
88-*501*
(Program disk)

This program disk provides the code for the program MAGMIX, by Thomas P. Frost and
James R. Lindsay. The documentation for the program may be found in Computers and
Geosciences, 1988, v. 14, p. 213-228. Distribution of this disk and code (not for
profit) is authorized by Pergamon Publishers.

The disk is intended for use with IBM PC/AT (or compatible) microcomputers.
Although program tests have been made, no guarantee (express or implied) is made
by the authors or the U.S. Geological Survey regarding program correctness,
accuracy, of proper execution on all computer systems. Any use of trade names is
for descriptive purposes only and does not imply endorsement by the U.S.
Geological Survey

This report is preliminary and has not been reviewed for conformity with the U.S.
Geological Survey editorial standards.
