

This report (map) is preliminary and has not been reviewed for conformity with U.S. Geological Survey editorial standards (or with the North American Stratigraphic Code). Any use of trade, product or firm names is for descriptive purposes only and does not imply endorsement by the U.S. Government.

PLATE IIA

STRUCTURE CONTOURS ON TOP OF BEDROCK

- Contour interval 20 meters
- Contact between bedrock and unconsolidated sediments
- Water well - Reaches contoured horizon, located to the quarter-quarter section.
- Water well - Constrains altitude of contoured horizon, located to the quarter-quarter section.
- Water well - Reaches contoured horizon, accurately located using Ground Water Report.
- Water well - Constrains altitude of contoured horizon, accurately located using Ground Water Report.
- Engineering borehole
