

Base map metric grid digitally generated by USGS, Reston, Virginia.  
Data points located relative to grid from best available information.  
Latitude and longitude adjusted to grid from Survey of Pakistan 1:50,000 scale  
topographic maps on paper copy.  
Selected drainage and cultural features added later at USGS from same topographic  
maps and are shown for reference only.

This report is preliminary and has not been reviewed for conformity with  
U.S. Geological Survey editorial standards, the North American Stratigraphic  
Code, or the Stratigraphic Code of Pakistan.

## COMPOSITE ISOPACH MAP OF THE THICKEST COAL BED PRESENT, JHERRUCK AREA, SINDH PROVINCE, PAKISTAN
