

Rock, stream sediment and heavy mineral concentrate sample localities from Unga and western Popof Islands, Alaska
Scale 1:63,360

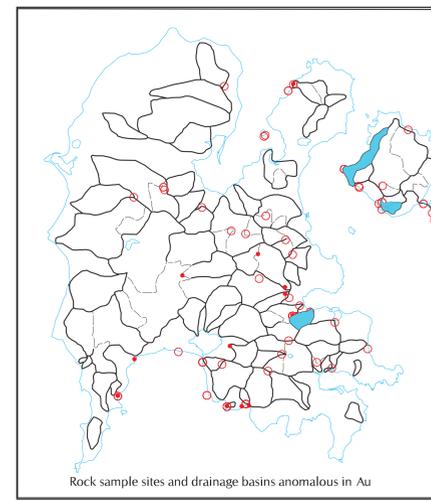

- Rock sample sites
- Stream sediment sites
- Heavy mineral concentrate sites
- First order drainage basins
- Second order drainage basins
- First order drainage basins feeding second order basins

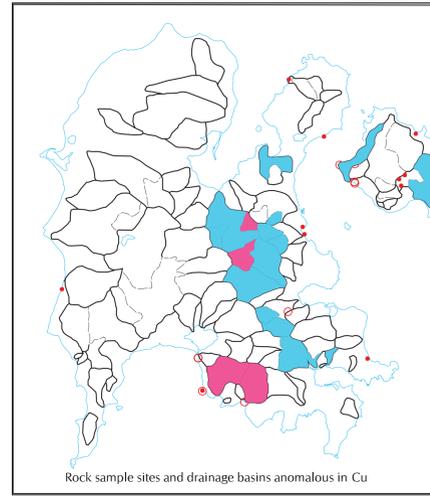

Rock sample sites and drainage basins anomalous in Ag

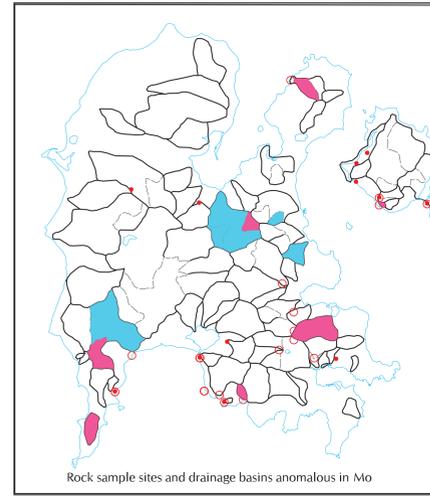

Rock sample sites and drainage basins anomalous in As

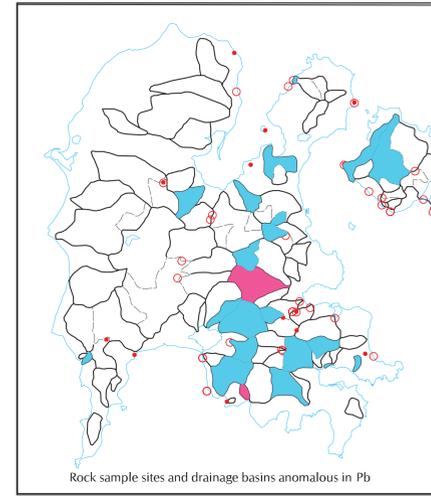

Rock sample sites and drainage basins anomalous in Au

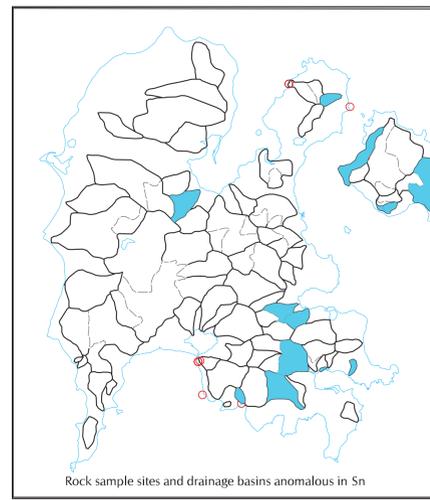

Rock sample sites and drainage basins anomalous in Cu

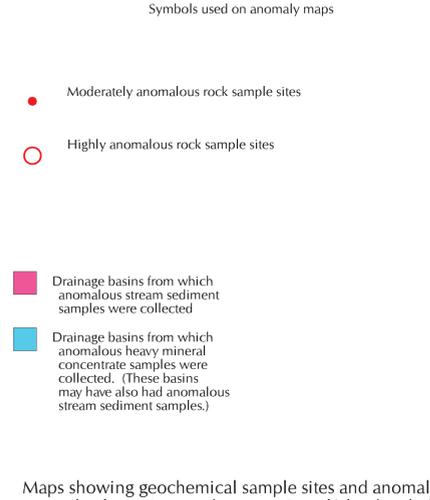

Rock sample sites and drainage basins anomalous in Mo

Rock sample sites and drainage basins anomalous in Pb

Rock sample sites and drainage basins anomalous in Sn

Rock sample sites and drainage basins anomalous in Zn

Symbols used on anomaly maps

- Moderately anomalous rock sample sites
- Highly anomalous rock sample sites
- Drainage basins from which anomalous stream sediment samples were collected.
- Drainage basins from which anomalous heavy mineral concentrate samples were collected. (These basins may have also had anomalous stream sediment samples.)
