Produced by the United States Geological Survey

Compiled from USGS 1:250,000-scale topographic maps dated 1954-1983. Partially revised from aerial photographs taken 1979 and other source data. Revised information not field checked. Map edited 1984.

Projection and 10 000-meter grid, zone 13 Universal Transverse Mercator. 25 000-foot grid ticks based on Colorado coordinate system, central zone, 1987 North American Datum. To place on the predicted North American Datum 1983 move the projection lines 4 meters north and 32 meters east. Where omitted, lines have not been established or are not shown because of insufficient data. There may be private inholdings within the boundaries of the National or State reservations shown on this map.
