Table 2. Water levels in piezometers and wells measured for the injection, storage, and recovery study at Lancaster, Antelope Valley, California, September 1995 through September 1998

[Shading denotes water levels measured during injection periods; asterisk (*) by date denotes measurement during temporary pause (April 28 through May 6, 1998) in injection test. Depth to water in feet below land surface; altitude, altitude of potentiometric surface in feet above sea level. —, no data]
