

Base from U.S. Geological Survey, 1965. Map was scanned, processed, georeferenced, rectified, and cropped by the Massachusetts Geological Survey.

Geology mapped by B.D. Stone in 1978 (unpublished). Bedrock outcrops and shallow-bedrock areas in the eastern part of the quadrangle were reproduced from Peterson (1984, pl. 3). Some outcrops and postglacial units mapped using 2005 orthophoto images.

### Surficial Geologic Map of the Ashburnham Quadrangle, Massachusetts
