GRIDS\FUGRO FOLDER CONTENTS
These are the grids as delivered by the contractor.

| Primary File Name | Description |
|---|---|
| DTM-* | Digital terrain model from laser altimeter for Block * |
| MAG-* | Total magnetic field for Block * |
| RES400-* | Apparent resistivity at 400 Hz for Block * |
| RES1500-* | Apparent resistivity at 1,500 Hz for Block * |
| RES3300-* | Apparent resistivity at 3,300 Hz for Block * |
| RES6200-* | Apparent resistivity at 6,200 Hz for Block * |
| RES25K-* | Apparent resistivity at 25,000 Hz for Block * |
| RES100K-* | Apparent resistivity at 100,000 Hz for Block * |

Note:  Each file name has several associated file extensions (.gi, .xml, .grd) used by Geosoft Oasis montaj to display the grid file.

Primary file names with "_s" appended to the primary file name denote color-shaded relief grids.
