|-----------------------------------|--|
| ■ Barren | LBPF Long Beach Pier F core site and monitoring well, Long Beach, California |
| MPT Middle Pleistocene Transition | LBPC Long Beach Pier C core site and monitoring well, Long Beach, California |
| ?W Questionable Wheelerian Stage | LBCH Long Beach Cabrillo High School core site and monitoring well, Long Beach, California |
| eH early Hallian Stage | LWEB Long Beach Webster School core site and monitoring well, Long Beach, California |
| PCH Pacific Coast Highway Fault | LBCC Long Beach City College core site and monitoring well, Long Beach, California |

Summary of Biostratigraphic Ages of the FOQUS-LA Wells Obtained From the Micro- and Macrofossil Analysis

By
Kristin McDougall, John Hillhouse, Charles Powell, II, Shannon Mahan, Elmira Wan, and Andrei M. Sarna-Wojcicki
2012

Any use of trade, product, or firm names in this publication is for descriptive purposes only and does not imply endorsement by the U.S. Government.
This map was printed on an electronic plotter directly from digital files. Dimensional calibration may vary between electronic plotters and between X and Y directions on the same plotter, and paper may change size due to atmospheric conditions; therefore, scale and proportions may not be true on plots of this map.
