

## AL1076 – Dhuleil area

Well AL1076 “SA'EED M. QTEISHAT 2 (PP 133)” is located in the Dhuleil area of the Zarqa groundwater basin. The linear trend is steeply upward,  $+59 \mu\text{S}/\text{cm}/\text{yr}$ , and the  $R^2$  is 0.47. The data are highly variable, and there are only 7 measurements after 1999. EC data suggest the water from this well is not suitable for common freshwater uses.
